## SULLIVAN'S ISLAND CAUSEWAY SECTION

May 17, 2016

The regular meeting of Town Council was held on the above date at 6:00 p.m., all requirements of the Freedom of Information Act having been satisfied.

Present were: Patrick M. O'Neil, Mayor  
Chauncey Clark, Mayor Pro-Tem  
Sarah Church, Councilmember  
Mark Howard, Councilmember  
Rita Langley, Councilmember  
Susan Middaugh, Councilmember  
Bachman Smith, IV, Councilmember

Mayor O'Neil called the meeting to order at 6:00 p.m. and stated the press and public had been notified in accordance with State Law. There were approximately ten members in the audience, with no members of the media. Mayor O'Neil led the Pledge of Allegiance, followed by the invocation by Councilmember Clark.

**I. FORMAT:** Mayor O'Neil opened the floor for comments.

Nicky Bluestein, 2513 Atlantic Ave., asked Councilmember Middaugh to define the Transition Zone; Mayor O'Neil about Nature Paths in the Accreted Land and Jeff Jackson if he had a list of Native Plants for Sullivan's Island. Mayor O'Neil responded that this time was directly for comments to Council and he would be happy to answer any questions after the meeting.

Vince Musi, 2002 Middle St., suggested to Council to get professional advice regarding the new sign at the entrance of the island.

Chuck Galis, 1817 Back St., suggested to Council to get public input before the final decision is made for the new sign at the entrance of the island.

Sydney Cook, 1614 Thompson Ave., mentioned that she hopes whichever new sign Council chooses for the entrance, it reflects the classiness of Sullivan's Island. She also stated that there may be a more creative solution to inform the residents and visitors of news and upcoming events other than the digital board.

**II. PUBLIC HEARING:** Town Budget FY2017 and Utility Budget FY2017.

Comptroller Blanton stated that there is a 1.1-million-dollar increase in both expenses and revenue from last year. The majority of the increase is due to a 380K addition

from the Admin Department and 200K for the 2003 GO Bond. Comptroller Blanton also budgeted 50K toward cleaning and maintaining the new Town Hall/Police Station, as well as 29K increase for insurance. The Fire Department has budgeted improvements of approximately 200K to the windows and siding. The Police Department has budgeted two additional officers at approximately 80K, after netting the two salaries against any current overtime from officers. The Police Department will also purchase three additional vehicles, due to regular rotation. The Maintenance Department has 210K budgeted, with roughly 100K for the Accreted Land Management Plan implementation, 50K for the Station 26 boat landing repairs and 60K for the Storm Water System.

Comptroller Blanton stated that the property tax revenue is coming in higher than projected this year. There is no milage increase, so it remains at 33.1 mils. For the debt retirement on the 2014 GO Bond, which paid for the new Fire Department ladder truck and a portion of the new Town Hall/Police Station, the milage had to increase from 5 mils to 6.3 mils to pay off the full debt. That bond will be paid off in 2025.

Mayor O'Neil opened the floor for public comments. There were no public comments.

~~2. Vacant and/or undeveloped property Vacant and/or undeveloped property owners shall be charged a fee equal to the Base Rate times one half (1/2) Equivalent Residential Unit (ERU), regardless of the size of the parcel.~~

~~3. Playgrounds/Parks Property Pursuant to generally accepted engineering data, the runoff coefficient, or C factor, for play ground/parks has been determined to be 0.11. An equation is used to relate the runoff coefficient of the playground/park property to base ERU. This equation is then multiplied by the acreage of the property in question. The determined ratio is then multiplied by the Base Rate to determine the annual fee.~~

~~4. Special Use Properties Pursuant to generally accepted engineering data, the runoff coefficient, or C factor, for Special Use properties has been determined to be 0.50. An equation is used to relate the runoff coefficient of the special use property to base ERU. This equation is then multiplied by the acreage of the property in question. The determined ratio is then multiplied by the Base Rate to determine the annual fee.~~

~~5. Multi use Residential Property Pursuant to generally accepted engineering data, the runoff coefficient, or C factor, for Multi use Residential property has been determined to be 0.64. An equation is used to relate the runoff coefficient of the Multi use Residential property to base ERU. This equation is then multiplied by the acreage of the property in question. The determined ratio is then multiplied by the Base Rate to determine the annual fee.~~

~~6. Non residential/Commercial Property Pursuant to generally accepted engineering data, the runoff coefficient, or C factor, for Non residential/Commercial property has been determined to be 0.82. An equation is used to relate the runoff coefficient of the Non residential/Commercial property to base ERU. This equation is then multiplied by the acreage of the property in question. The determined ratio is then multiplied by the Base Rate to determine the annual fee.~~

**AB.** For purposes of determining the fee, all real property in the Town is classified as follows:

1. Single Family Residential
2. Vacant or undeveloped property
3. **Commercial** Playgrounds/open park areas (Parks)
4. Special use properties
5. Multi use Residential Property
6. Non residential/Commercial

**B C.** Base Rate: The base rate shall be **seventy-two (\$72.00)** ~~thirty six (\$36.00)~~ dollars annually. In no case shall a Utility customer be billed a fee for less than one half(1/2) the base

rate.

**C D.** Equivalent Residential Unit (ERU): The commonly accepted rate unit for stormwater utilities is the Equivalent Residential Unit (ERU). This is a descriptive value based on the land classification type and the amount of impervious surface. The ERU is used to relate a rate charged for a typical residential property and this becomes the common denominator by which Commercial properties are evaluated. The ERU for Charleston County has been determined to be 3,000 square feet. ~~One commonly accepted rate unit for stormwater utilities is the Equivalent Residential Unit (ERU). This is a descriptive value based on the total gross land area and the amount of impervious surface. The ERU is used to relate a rate charged for a typical residential property and this becomes the common denominator by which non-residential properties are evaluated. In general there are two principal methods used to assign values for impervious surface: Actual amounts of impervious surface on a parcel can be physically measured or accepted land use coefficients can be used to relate imperviousness to intensity of development. The latter method is adopted herein. Pursuant to this Ordinance, an ERU is considered to be a single family lot not less than or equal to 1/3 acre. The runoff coefficient (C Factor) assigned to the ERU is 0.40.~~

~~The runoff coefficients (C Factor) are assigned to the following categories:~~

- ~~1. — Playgrounds/open park areas (Parks) C Factor = 0.11~~
- ~~2. — Special Use Properties (Manufacturing/Mining, Special Purpose Properties, Schools) C Factor = 0.50~~
- ~~3. — Multi-use Residential Property [Apartment Buildings, Condominium (Common area), Residential Commercial] C Factor = 0.64~~
- ~~4. — Non-residential/Commercial Property (Commercial, Hotel/Motel, Office, Restaurant, Retail, Cultural/Entertainment/Recreation) C Factor = 0.82~~

#### **D. Annual Fees:**

**Annual fees for all property shall be as follows:**

- 1. Single Family Residential Property – Single family residential property shall be charged a fee equal to the Base Rate times one (1) Equivalent Residential Unit (ERU), regardless of the size of the parcel or improvements (impervious area).**
- 2. Vacant Property – Vacant property shall be charged a fee equal to the Base Rate times one half (1/2) Equivalent Residential Unit (ERU), regardless of the size of the parcel.**
- 3. Commercial Property – Commercial property shall be charged the Base Rate multiplied by the numerical factor obtained by dividing the total impervious area of the property, as determined by the Director of Public Works or an authorized designee, by one (1) ERU (3,000 square feet). The numerical factor will be rounded to the nearest tenth (0.1) of a unit. The minimum fee for any Commercial property shall be the Base Rate times one half (1/2) ERU. Those Commercial properties with impervious area greater than one-half (1/2) ERU (1,500 square feet) and less than one (1) ERU (3,000 square feet) shall be charged the Base Rate times one (1) ERU.**

Sec. 25-14      Determination of Amount of Stormwater Management Utility Fee.

A.      Computation of Stormwater Management Utility Fee:

1.      Determine Base Rate to assign ERU;
2. ~~Calculate runoff ratio of playgrounds/parks, special use, multi use residential and non residential/commercial properties C factor to ERU C factor;~~
3. ~~Calculate ERU's per acre;~~
4. ~~Calculate the number of ERU's for the property in question; and~~
5. ~~Calculate the annual fee.~~

B. ~~Example Calculation:~~

~~Determine monthly fee for 1.50 acre commercial property.~~

1. ~~ERU = \$36.00 / year~~
  2. ~~C factor ratio of commercial to ERU = 0.82 / 0.40 = 2.05.~~
  3. ~~ERU / acre = 2.05 x 3 = 6.15 ERU / acre.~~
  4. ~~ERU's for 1.50 acre property = 1.50 x 6.15 = 9.23 ERU's.~~
- ~~Utility fee = 9.23 x \$36.00 = \$332.281 year~~

~~The use of real property and the identification of the Utility customer for the purpose of determining interim fees shall be determined from the records of the Charleston County Tax Assessor's Computer Assisted Mass Appraisal (CAMA) system. The Utility customer or person charged the fee is based on the classification of the real property as of January 1 of the year of billing and each year subsequently thereafter.~~

~~Where the tax records are incomplete or ambiguous, a physical inspection of the real property shall be made to determine the use of the property. Upon development of the Town's database and review of the real properties on a case by case basis, the classifications in the CAMA system do not preclude an adjustment to the data that the Town uses to determine the fee.~~

2.      Determine the impervious area on the property;
3.      Calculate the numerical factor for the property in question by dividing the impervious area by (1) ERU (3,000 square feet); and
4.      Calculate the annual Stormwater Management Utility Fee by multiplying the numerical factor by the Base Rate, if the factor is greater than one (1).

B. Example Calculation:

Calculation of monthly fee for a 1.50 acre Commercial property with a determined impervious area of 32,500 square feet.

1. 1ERU = 3,000 square feet.
2. Property impervious area = 32,500 square feet
3. ERU's for example property = 32,500 square feet of impervious / 1 ERU of 3,000 square feet = 10.8 ERU's
4. Utility fee = ERU's x Base Rate

$$= 10.8 \text{ ERU's} \times \text{Example Base Rate of } \$72.00 = \$777.60 / \text{year}$$

The classification of real property and the identification of the utility customer for the purpose of determining fees shall be determined from the records of the Charleston County Tax Assessor's. The utility customer or person charged the fee is based on the classification of the real property as of January 1 of the year of billing and each year subsequently thereafter.

Where the tax records are incomplete or ambiguous, a physical inspection of the real property shall be made to determine the use of the property. Upon development of the County's database and review of the real properties on a case-by-case basis, the classifications from the records of the Charleston County Tax Assessor's do not preclude an adjustment to the data that the County uses to determine the fee.

Sec. 25-15 Adjustment of Utility Fee. In cases where the Utility customer disputes the fee based on the actual impervious area of the real property in which he has interest, a notice of objection may be filed with the Chief Building Inspector as outlined in the Stormwater Management Utility Ordinance, Section 25-9, Written Notice of Objection; provided, however, that Town Council may delegate the Chief Building Inspector's responsibilities hereunder to Charleston County or its duly authorized representatives pursuant to an inter-governmental agreement providing for same.

Where an adjustment of the fee is warranted, the Chief Building Inspector shall recalculate and re-determine the fee using **equivalent ERU's** ~~a weighted runoff coefficient (or C Factor)~~ that is based on the total impervious ~~and pervious~~ areas of the real property at issue.

~~Where deemed appropriate and at the discretion of the Chief Building Inspector, the gross acreage of the real property may be adjusted as a means of recalculating and re-determining the fee. This method is applied in cases where the property is large and the ratio of pervious area to impervious area is low. The Chief Building Inspector and the utility customer shall mutually agree on the general area of improvement. In cases where a mutual agreement cannot be reached, the utility customer may file a notice of objection as referenced above.~~

Sec. 25-16 Duration of Fee. The fees established by this Ordinance ~~are temporary, and shall apply only until such time as the pending Stormwater Utility Rate Study is completed and have been adopted by~~ Town Council. **This fee will be reviewed, evaluated, and amended as necessary in order to address the Towns stormwater program needs/deficiencies and Small Municipal Separate**

~~Storm Sewer System (SMS4) general permit requirements. adopts a permanent rate structure and schedule of fees for the Stormwater Management Utility.~~

Sec. 25-17 Billing of Stormwater Management Utility Fee; Late Charges. The fee shall not be prorated. No refunds of the fee shall be made except as set forth in this Ordinance. The fee shall be billed annually and mailed to each owner of record of real property, based on the classification of the property, to the owner of record of the real property as of January 1 of each year subsequently thereafter, ~~commencing in the 2007 calendar year, with the bill mailed to each owner of record of real property as of January 1, 2007, and to the owner of record of the real property as of January 1 of each year subsequently thereafter. Annual fees unpaid as of the 61<sup>st</sup> day after the billing date shall be subject to a late fee of \$5.00 and an additional late fee of \$5.00 for each 30 day period thereafter in which the fee remains unpaid. If legal action is instituted to collect any fees due hereunder, owners will also be required to pay attorney's fees and court costs incurred by or on behalf of the Town in such action.~~ For non-payment of all or any part of the utility fee, the monetary penalty shall be the same penalty set forth in Section 12-45-180 of the South Carolina Code of Laws. If any fee shall remain sixty (60) days after the due date, the County may issue a lien upon the parcel for the stormwater utility fee, penalties and costs of collection and shall proceed to collect in the same manner as prescribed by law for the collection of other fees and taxes. The Town may delegate collection of the fees, including any required legal action, to the County of Charleston or its representatives pursuant to an inter-governmental agreement providing for same.

SECTION 3. That should any part of this Ordinance be held invalid by a Court of competent jurisdiction, the remaining parts shall be severable therefrom and shall continue to be in full force and effect.

SECTION 4. That all ordinances or parts of ordinances conflicting with the provisions of this Ordinance are hereby repealed insofar as the same affect this Ordinance.

SECTION 5. That this Ordinance take effect and be in full force immediately.

Jason L. Blanton  
Deputy Administrator/Comptroller  
Town of Sullivan's Island

Dear Mr. Blanton:

Branch Banking and Trust Company ("BB&T") is pleased to offer this proposal for the financing requested by the Town of Sullivan's Island ("Town").

- (1) **Project:** Town of Sullivan's Island Vehicle Financing
- (2) **Amount to Be Financed:** \$235,000.00
- (3) **Interest Rates, Financing Terms and Corresponding Payments:**

<u>Term</u>	<u>Rate</u>
36 Months	1.43%

Principal and interest payments shall be annual in arrears, as requested.

The interest rate stated above is valid for a closing not later than 45 days after today. Closing of the financing is contingent upon completing documentation acceptable to BB&T and upon the condition of the property being acceptable to BB&T. At closing, the proceeds will be deposited in a Project Fund Account with BB&T Governmental Finance.

All applicable taxes, permits, costs of lawyers for the Town and any other costs shall be the Town's responsibility and separately payable by the Town. The financing documents shall allow prepayment of the principal balance in whole on a scheduled payment date without penalty.

The stated interest rate assumes that the Town expects to borrow less than \$10,000,000 in calendar year 2016 and that the financing shall qualify as qualified tax-exempt financing under the Internal Revenue Code. BB&T reserves the right to terminate its interest in this bid or to negotiate a mutually acceptable rate if the financing is not qualified tax-exempt financing.

(4) **Financing Documents:**

BB&T proposes to use its standard form financing contracts and related documents for this installment financing. We shall provide a sample of those documents to you should BB&T be the successful proposer. This financing shall be secured by a first lien security interest in all personal property acquired with proceeds.

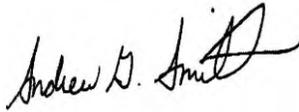

BB&T appreciates the opportunity to make this financing proposal and requests to be notified within five days of this proposal should BB&T be the successful proposer.

BB&T shall have the right to cancel this offer by notifying the Town of its election to do so (whether or not this offer has previously been accepted by the Town) if at any time prior to the closing there is a material adverse change in the Town's financial condition, if we discover adverse circumstances of which we are currently unaware, if we are unable to agree on acceptable documentation with the Town or if there is a change in law (or proposed change in law) that changes the economic effect of this financing to BB&T.

Please call me at 803-251-1328 with your questions and comments. We look forward to hearing from you.

Sincerely,

BRANCH BANKING AND TRUST COMPANY

**Resolution Approving Financing Terms**

**WHEREAS:** The Town of Sullivan’s Island (“Town”) has previously determined to undertake a project for vehicle lease purchase, and the Finance Officer has now presented a proposal for the financing of such Project.

**BE IT THEREFORE RESOLVED, as follows:**

1. The Town hereby determines to finance the Project through Branch Banking and Trust Company (“BB&T”), in accordance with the proposal dated May 18, 2016. The amount financed shall not exceed \$235,000, the annual interest rate (in the absence of default or change in tax status) shall not exceed 1.43% and the financing term shall not exceed three (3) years from closing.

2. All financing contracts and all related documents for the closing of the financing (the “Financing Documents”) shall be consistent with the foregoing terms. All officers and employees of the Town are hereby authorized and directed to execute and deliver any Financing Documents, and to take all such further action as they may consider necessary or desirable, to carry out the financing of the Project as contemplated by the proposal and this resolution. The Financing Documents shall include a Financing Agreement and an Escrow Agreement as BB&T may request.

3. The Finance Officer is hereby authorized and directed to hold executed copies of the Financing Documents until the conditions for the delivery of the Financing Documents have been completed to such officer's satisfaction. The Finance Officer is authorized to approve changes to any Financing Documents previously signed by Town officers or employees, provided that such changes shall not substantially alter the intent of such documents or certificates from the intent expressed in the forms executed by such officers. The Financing Documents shall be in such final forms as the Finance Officer shall approve, with the Finance Officer’s release of any Financing Document for delivery constituting conclusive evidence of such officer's final approval of the Document’s final form.

4. The Town shall not take or omit to take any action the taking or omission of which shall cause its interest payments on this financing to be includable in the gross income for federal income tax purposes of the registered owners of the interest payment obligations. The Town hereby designates its obligations to make principal and interest payments under the Financing Documents as "qualified tax-exempt obligations" for the purpose of Internal Revenue Code Section 265(b)(3).

5. All prior actions of Town officers in furtherance of the purposes of this resolution are hereby ratified, approved and confirmed. All other resolutions (or parts thereof) in conflict with this resolution are hereby repealed, to the extent of the conflict. This resolution shall take effect immediately.

### PROCLAMATION

#### CAROLINA DAY

**WHEREAS**, on June 28, 1776, a force of approximately 400 South Carolina patriots, commanded by Colonel William Moultrie, manned the cannons positioned in a half completed fort on Sullivan's Island; and,

**WHEREAS**, for over nine hours these patriots fought vessels of the British Navy armed with nearly 300 heavy cannons attempting to enter Charleston Harbor and capture the City of Charleston; and,

**WHEREAS**, the sand and Palmetto logs which composed the walls of the fort made it almost impervious to the British bombardment, while the American bombardment caused the loss of one British ship and several more to be damaged; and,

**WHEREAS**, with the British defeated, the Patriot cause in the American Revolution won its first significant victory, ended the British campaign in the South until 1780, helped uncommitted Americans to join the Patriot cause, permitted the Southern states to continue their support of the vital Patriot military campaigns in the north, and kept the important port of Charleston open to shipping for three more years; and,

**WHEREAS**, the Patriot victory on Sullivan's Island gave South Carolina and the nation some of its most important heroes of the American Revolution, including William Moultrie, Francis Marion, Thomas Sumter, and William Jasper; and,

**WHEREAS**, for generations June 28<sup>th</sup> has been celebrated as CAROLINA DAY in South Carolina to honor the nation's first significant victory in the American Revolution; and,

**WHEREAS**, the historical and patriotic organizations having reinstated the Palmetto Society, and local governmental entities have joined together to restore CAROLINA DAY to its proper place of honor, remembrance and observance in South Carolina; and,

**WHEREAS**, the Town of Sullivan's Island supports these efforts, and the national significance of the battle of Sullivan's Island in the nation's history,

**NOW, THEREFORE**, I, Patrick O'Neil, Mayor of the Town of Sullivan's Island do hereby proclaim that June 28, 2016 shall be designated as CAROLINA DAY in the Town of Sullivan's Island and all residents are called upon to remember the gallant and heroic defense of the fort on Sullivan's Island that helped the nation win its independence and the many liberties that have been realized with the establishment of the United States of America.

**IN WITNESS WHEREOF**, in writing I have hereunto set my hand and caused the Seal of the Town of Sullivan's Island to be affixed hereto on the 21st day of June, 2016.

### III. Construction Project

- A. Town Hall and Police Station Building – An OAC meeting was held at 10am 06-14-16 to review the project timeline. Hill Construction continues with both interior and exterior work on the project.

Noteworthy are installation of the exterior color mock-up on the western elevation, continued dry wall installation, elevator installation and painting. Pay application 11 in the amount of \$382,336.14 has been approved leaving a balance to completion of \$1,479,885.37. Pending a revised schedule, furniture will be ordered this week.

Weather continues to be conducive to production with little or no lost time.

The next OAC meeting will be held Tuesday June 28, 2016.

#### IV. General

- A. Parking Plan – The SCDOT has approved the Town parking plan and encroachment permit. The contractor is preparing a contract and will mobilize thereafter. Target for completion of installation is mid to late July 2016.

It will be necessary to have third reading of the parking ordinance by the July meeting of Council. There will be two text amendments for clarification at the time of second reading.

- B. Charleston County Transportation Committee Resurfacing 2016 – The CTC has provided the list of Sullivan’s Island streets for resurfacing in 2016. The list totals approximately 6.5 miles of asphalt. Although the project has been awarded to Sanders Brothers Construction, a schedule is not yet available.
- C. July 2016 Committee Workshop – Independence Day 2016 falls on the first Monday of July; therefore, the July Council Workshop will be held on Monday July 11, 2016 at 6PM.

**Subject:** Nest #5 at Station 18

This morning Dierdre McMurtry and Jan Booth found tracks about 75 yards south of Station 18. The turtle had encountered a blue and white tent that someone had left on the beach overnight. She managed to crawl around it and then went up onto a vegetated dune to lay her eggs. We found them quickly and marked the nest where it was laid. We moved the tent up above the primary dune line hoping that it won't cause trouble again. Not sure what the rules and enforcement policies for this are on Sullivan's Island.

Hi Pat,

I just wanted to give the Town a head's up about our upcoming research dates. We were just rewarded a grant for painted bunting geotagging.

We will be operating the banding station in the early morning hours and will shut down between 8:30 and 9:00am, due to both summer temperatures and tourist foot traffic. We will be out at Station 16 at our usual locations for the last two weeks in June as well as mid-July to Early August (weekdays only).

We will stash a small amount of inexpensive equipment away from view including net poles, lines, and permit tags, as we have done in previous seasons, and we will remove the equipment when we wrap up the project.

Also, our Fall banding season will run weekdays from September 1st to November 11th. (Excluding Labor day)

Talk to you soon,

Sarah Díaz

- c. Pre-Disaster Mitigation Grant for submersible pumps: Advance planning is required to prepare for a FEMA grant application to fund 75% of replacement of current pumps with submersible pumps, with 25% to be provided by the Town.

This application requires an engineering study carried out in advance at an estimated \$80 K. This amount can be counted toward the Town's 25% contribution. The W&S Committee agreed that planning for a PDM grant should be a priority once the status of the WWTP FEMA grant application is known.

**TOWN OF SULLIVAN'S ISLAND  
RECREATION COMMITTEE OF COUNCIL  
MEETING MINUTES  
Friday, May 20, 2016  
9:00 AM**

A meeting of the Recreation Committee of Council was held at 9:00 a.m. on Friday, May 20, 2016 at Town Hall, 2050-B Middle Street. All requirements of the Freedom of Information Act having been satisfied. Present were Council Committee members Sarah Church (Chair), Rita Langley and Susan Middaugh. Staff members present were Andy Benke, Jason Blanton, Anthony Stith, Danny Howard and Randy Robinson.

**1. Call to Order:**

Chair Church called the meeting to order at 9:17 a.m., and stated the press and public were duly notified pursuant to State Law. There were no members of the public or media present.

**2. Expectation and Goals of Recreation Committee:**

Chair Church distributed a list of past events the Committee has participated in, as well as a list of entities the Committee has relationships with including the Island Club, and Battery Gadsden Cultural Center. The role of the Recreation Committee with these entities was discussed.

**3. Island Club:**

The Island Club has provided a space for after school activities, community events, fitness classes, summer camps, Sullivan's Island Court, private parties and more for over ten years. They allow the community to use the space for free as long as it is not a private event/money being taken, otherwise there is a rental fee for the space. Chair Church mentioned that there are only 168 members of the Island Club, but it is used by many that do not pay the membership fee. The Club is currently bringing in about \$10-11k a year, with \$3,500 coming from membership dues and \$6,500 coming from rental fees. Half of that income is put towards community events; the rest of the income is put towards liability insurance, Comcast bill, cleaning fees, plumber, HVAC servicing, pest control and more.

The Town has received the inspection report and confirmed that there is quite a bit of damage. Building Official Randy Robinson, along with the inspector, have worked carefully to scope out the most critical items to repair on the Island Club. They also discovered that there are some ready-made window holes underneath the vinyl siding that will be utilized. Some of the improvements include: remove stairs on North side of building/replace with new stairs running parallel to building, remove/replace T-111 sheathing on East side of building, replace girder for 5 bays under North side exit door, replace any floor joists and band boards that are damaged, remove/replace siding as necessary, repair/replace flooring in storage/mechanical room as needed. In addition to the existing scope of work, the vinyl siding will be removed from the street side of the building only, and 6 new windows will be placed in on the street

side of the building to minimize cost and for safety. Each different element on the scope of work will be priced individually so if we get into prices that exceed the 50% value of the building, we do have an option of pulling things out.

Chair Church stated that she believes the Island Club has played an important role on Sullivan's Island in filling the gap of not having a Recreation Department and she along with Council Committee Members Rita Langley and Susan Middaugh support in proceeding with an RFP to get the work done. Keeping in mind that the Island Club's current lease is a triple net lease, an Amendment to the lease would be required to allow the Town to have the ability to do said repairs and renovations with the Club's discretion.

**Motion was made by Council Committee Member Middaugh, seconded by Council Committee Chair Church, that the Recreation Committee recommends to Council to proceed with an RFP for the Scope of Work at the Island Club and to Amend the Current Lease and also the Ordinance, carried unanimously.**

#### **4. Events on Sullivan's Island with Recreation Committee Involvement:**

- St. Patrick's Day- morning celebration in the park including No Hands Magic, Dancers, Balloon twister, refreshments & ice cream truck.
- Farmers Market- April through June.
- Independence Day Golf Cart and Bicycle Parade- morning event, Sullivan's Island Elementary to Island Club with refreshments/activities at The Big Tin.
- Independence Day Fireworks- Band in Park followed by fireworks.
- Holiday Tree Lighting Ceremony- Chorus performance (Usually Wando High School), tree lighting, Santa Claus visit.
- Gingerbread House Decorating- Town event at the Island Club, kids bring pre-made houses and we supply decorations.

Council Committee Member Langley mentioned she would like to add a park clean up to the schedule. Chair Church loved the idea and stated that she will reach out to the Park Foundation to see if they would be interested in partnering with the Recreation Committee to plan the event.

#### **5. Recreation Committee Projects planned for FY16-17:**

The total budget for the year is \$120,000. The prior FY budget will have approximately \$44,000 left in the Recreation Facilities. \$75,000 of the spent prior FY budget went towards final payment of the tennis court resurfacing.

- Island Club- repairs and improvements to be sure facility is safe and functioning- budgeted at \$25,000.
- "Mound" at Stith Park- Creation of Storm Water Drainage and resurfacing of front face of mound and removal/trimming of bamboo overgrowth. Awaiting a drainage engineer study from Thomas & Hutton on best methods- budgeted at \$50,000.

- Battery Gadsden- Engineer study and addressing the moisture issue- budgeted at \$45,000. There is a possibility to receive grant money for this project, but the Town has not received an answer yet.

Comptroller Blanton mentioned that if one project falls over the projected budget, and one project falls under the projected budget, that is ok. As long as the total budget stays within \$120,000.

#### **6. Independence Day:**

Completed items on the list include the fireworks, band, and refreshments. Alcohol will not be served at the Island Club at the conclusion of the parade. Other items discussed:

- The fireworks and the band will be on **July 2<sup>nd</sup>** this year.
- The golf cart parade will remain on **July 4<sup>th</sup>**, with the parade line-up beginning at 8:30 a.m. at the Sullivan's Island Elementary School, and starting at 9:00 a.m. and ending at the Island Club.
- Award ribbons include: 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> place for golf carts, with 12 honorable mentions. Also 1<sup>st</sup> place best bike, with 6 honorable mentions.
- Ellen Miller and Lisa Darrow can assist with ordering the ribbons.
- Volunteers are encouraged to come and help. Chair Church would like to have a total of at least 10 volunteers.
- The Sullivan's Island Maintenance Department will clean up the litter and decorations left behind at the Elementary School.

**Motion was made by Rita Langley, seconded by Susan Middaugh, to adjourn at 10:00 a.m., carried unanimously.**

Respectfully submitted,

Courtney Liles
