## MEMORANDUM

TO: Board of Directors

FROM: Robin W. Mitchum, Finance Manager *RM*

SUBJECT: FY16/17 Budget

DATE: July 20, 2016

Please find attached the FY16/17 Proposed Budget for your consideration. The FY16/17 Budget is approximately 11% or \$3,877,749 increase over the FY15/16 Budget.

### Revenues

The majority of the changes in revenue are reflected in federal revenue. This revenue line includes funding for the intermodal facility construction, bus & bus facilities and other capital items. A more detailed explanation of line item changes includes:

- Federal - The increase reflects the drawdown and utilization of the Intermodal Center funds.
- State Mass Transit Funds – This increase reflects the return of State Mass Transit funds to CARTA. As you may recall, CARTA previously gave up its annual allocation of state mass transit funds for a multi-year period in exchange for a lump sum which was used to reduce its operating deficit.
- Sales Tax-Charleston County – The increase in this line item reflects the actual County contribution from the sales tax program.
- Pass Sales – We have revised this line item to be more consistent with the rate of pass sales we are seeing in the current fiscal year.
- City of Charleston DASH – We have increased this amount by 5% which is the amount annual increase we previously discussed with the City's former Finance Director. We have not yet met with the City to determine if the new administration will support the concept of an annually renewing contract with an annual increase. However, I am hopeful that with the new DASH vehicles scheduled to arrive in September as well as some of the other planned improvements, the City will see positive change and agree to support the increase.
- NASH- The change in this line item represents the loss of revenue from Boeing. Boeing committed to 3 years of grant funding and that commitment ended in May of this year.

- Charleston County Intermodal – This line item includes the previously county provided funds that are earmarked for the Intermodal facility. We anticipate that these funds will be utilized during the upcoming fiscal year.
- Partnerships- The elimination of this line item is due to the fact that we do not currently have any funding partners who are not identified on an existing line item.
- Montague Ave. – This is a not recurring line item.
- Advertising – This line item increases the goal for our advertising sales executive and is based on this year's current projections.
- Insurance proceeds – In accordance with Governmental Accounting Standards, this should be included as a revenue source.

### Expenditures

The majority of the changes in expenditures are reflected in the capital expenses related to the intermodal facility construction, bus & bus facilities and other capital items. A more detailed explanation of changes is as follows:

- Staff salaries and benefits – The decrease reflects the transfer of the majority of the staff under the COG umbrella. The salary and benefits of these employees will be split between CARTA, the COG and TriCounty Link. This is consistent with the consolidation study's recommendations and our goal to better market and sell both transit systems to the region. We did not transfer those employees whose efforts remain 100% affiliated with CARTA operations.
- Supplies – We have been able to substantially reduce the cost of supplies by shopping around for better pricing on some items as well as taking advantage of various discount programs available to the agency for basic office supplies.
- Automotive – This line item was reduced to reflect the actual cost which we are seeing this year.
- Accounting- This line item is adjusted to reflect the change in accounting services rendered. Those services are no longer needed.
- Postage – This adjustment reflects savings resulting from changes in how we process postage.
- Dues/Memberships – This reduction reflects the current memberships of the agency. I am recommending we wait another year before we consider expanding memberships into other organizations. The COG, through the CHATS MPO, will maintain a membership in APTA which will give us continued access to any needed member benefits at APTA.
- Facility Maintenance – We have eliminated the contract service for facility maintenance and included those services in the Intergovernmental Agreement with the COG and TriCounty Link.
- Training/Travel – This line item remains the same. However, staff will be attending any necessary FTA or other training under the Intergovernmental Agreement.

- Office equipment rental – We have identified some costs that were incorrectly being classified as rental costs when they should have been classified as maintenance cost.
- Office equipment maintenance – We have reflected some annual costs that were previously being incorrectly classified as equipment rental.
- Rent – We have adjusted this line item to reflect a change in the low income fare determination program where CARTA is now providing the staff resources for this activity and is renting space at the SCWorks Center. Previously, we paid for contract staff to perform the certification and the space was provided at no cost. Overall, we eliminated a \$37,000 contract and incurred a lease agreement for \$3,563.
- Communications - The communications line item increases substantially due to an upcoming change in technology and the service provider. CARTA's radios currently function using an analog format and a City of Charleston radio tower. However, the City is continuing to transfer all of its communications to a digital format which uses the Charleston County digital network system. Therefore, we will have to eventually transition our radios over to the digital format and the County system. The County has an established fee per radio that all system users must pay for using their system. The increase in the line item reflects the increase in costs for utilizing the county's system. Our radios can work on the new system and the time to make the transition is almost instantaneous. We have met with the County's communication staff and insured we have a good understanding of the transition process. We have budgeted the cost of the change for the entire fiscal year. However, since our current radios meet our needs without any problems, we will wait to transition over until the City notifies us that they will no longer be able to provide service. This line item also includes funding for new, updated tablets to be utilized in the new paratransit vehicles.
- Utilities – This line item was adjusted to reflect projected cost in the new fiscal year.
- Advertising – This line item was adjusted down as we do not expect as many advertisements being placed in the new fiscal year.
- Public Notices - This line item was adjusted down as we do not expect as many public hearings in the new fiscal year.
- Money Counting – This line item was decreased to reflect that savings from our customer service staff performing the counts as opposed to outside contractors.
- Professional Services – This line was reduced based on our projected need for outside professional services in the upcoming fiscal year.
- Contract Services – This is a new line item that includes management services and all other services that are provided by the COG under the intergovernmental agreement. Services include professional services such as financial management, planning, marketing, advertising sales, print management, customer service, website maintenance and IT support. Other services include sign installation and maintenance, trash pickup, shelter maintenance and

cleaning and facility maintenance. Providing these services directly allows us to respond more quickly as well as it provides us with a better understanding of issues and how best to address them going forward. The \$850,000 projected budget for this line item is approximately \$180,898 in cost savings for combined services over FY15/16.

- Paratransit Certification – This line item includes the estimated costs of performing the paratransit certification process. Transdev will continue to perform this service and we are simply creating a separate line item so we can better track the trends associated with the process.
- Low income Fare Determination – The elimination of this line item reflects a change in how we meet this requirement. We will perform this service with existing staff rather than using a contractor.
- Bus Shelter Cleaning – The elimination of this line item reflects the decision to perform this service under the intergovernmental agreement.
- Vehicle Maintenance – We have chosen to leave this line item at its current level despite an aging fleet. We chose to do this because we will be replacing the vehicles in DASH fleet, the paratransit fleet and the support vehicle fleet during the current and upcoming fiscal year. Therefore, we should see reduced maintenance costs in these three subsets of the fleet.
- Operating Fees and Licenses - This line item increased due to expected costs associated with obtaining license tags and registrations for new replacement vehicles.
- Insurance – This line item increased due to an expected increase in costs associated with changes in the fleet during the upcoming fiscal year.
- Fuel – this line item increased slightly to provide some additional coverage in case the price of fuel increases in the new fiscal year.
- Fixed Route – the line item is adjusted to provide a more realistic estimate regarding the cost of providing fixed route services during the upcoming budget year.
- Paratransit – This line item was increased slightly to account for some growth in the ridership and costs associated with providing tele-ride service.
- Intermodal Infrastructure Construction – This line item was increased because we anticipate a substantial portion of the facility construction occurring during the fiscal year.
- Rolling Stock – This line item reflects the amount of funds we anticipate having available for the acquisition of rolling stock during the fiscal year.
- Support Vehicle – This line item includes grant funds which were previously identified from the acquisition of support vehicles which are used by Transdev to change drivers in the field at the beginning and end of their shifts. It also includes a service vehicle to be used by Transdev to make road calls.

- Bus Shelter Construction/Bench Install – The increase in this line item includes previously awarded grant funds for the installation of benches as well as the installation of new bus shelters.
- Security cameras - The increase in this line item reflects the utilization of previously awarded grant funds to install cameras in all CARTA vehicles which transport passengers.
- Fare boxes – This line item includes funds provided by CHATS to aid CARTA in the replacement of the aging Fare box system.
- Signage – This line item is increased to provide additional signage throughout the system. For example, this line item will be used to install schedule holders at existing bus shelters.
- Automatic Vehicle locator – This line item is added to allow CARTA to purchase an updated AVL system which will provide dispatchers and customer service with more accurate information on the physical location of vehicles. In addition, it will allow for the creation and utilization of more accurate bus tracker systems and the creation of an effective mobile app.
- Capital – This line item was reduced to the projected level of spending we anticipate occurring in the upcoming year. There are a number of items which need to be addressed.
- Engineering – The line item was reduced to reflect funding available to obtain professional services related to facility maintenance and bus shelter installation.
- Trolley (FTA Payback) – This line item is no longer required as the payment has been made.
- Intermodal Center (FTA Payback) – This line item reflects the required payback of FTA funds which were previously expended on the original intermodal site.

As we are still several months away from the start of the new fiscal year, this budget is going to be subject to revision. We will continue to monitor the budget to insure revenues and expenditure remain aligned and we will make recommended revisions as necessary.

The regular meeting of Town Council was held on the above date at 6:00 p.m., all requirements of the Freedom of Information Act having been satisfied.

Present were: Patrick M. O'Neil, Mayor  
Chauncey Clark, Mayor Pro-Tem  
Sarah Church, Councilmember  
Mark Howard, Councilmember  
Rita Langley, Councilmember  
Susan Middaugh, Councilmember  
Bachman Smith, IV, Councilmember

Mayor O'Neil called the meeting to order at 6:00 p.m. and stated the press and public had been notified in accordance with State Law. There were approximately ten members in the audience, with one member of the media. Mayor O'Neil led the Pledge of Allegiance, followed by the invocation by Councilmember Clark.

**I. FORMAT:** Mayor O'Neil opened the floor for public comment.

Seth Abramson, 187 Gordon Street, Owner of Daniel Island Bike Taxi, spoke to Council about his company providing service on the island. He stated that he is going to start a petition for residents to sign in favor of his service on the island.

Tobias Van Buren, 1825 Rifle Range Road, recommended to Council to consider adding rumble strips to the roadway on the southern side of the Ben Sawyer.

Norman Khoury, 1728 Iron Avenue, stated that Council and the Boards should preserve any Officers' and Sergeants' Quarters on the island, instead of allowing changes to be made. He also stated that if he ever got approved for a variance on his home, he hopes Council would then turn him down.

Linda Perkis, 2871 Brownell Avenue, urged to Council to oppose the decision made by the Design Review Board for an addition and change to a Junior Officers' Quarters house.

John Winchester, 2720 Brooks Street, also urged to Council to oppose the decision by the Design Review Board to a Junior Officers' Quarters and prevent any in the future.

## **II. OATH OF OFFICE:**

Mayor O'Neil, along with Police Chief Howard, administered the Oath of Office to Clyde Lear, the newest employee of the Police Department. Chief Howard stated that Officer Lear last served in Dorchester County for 22 years.

## **ORDINANCE 2016-06**

### **ORDINANCE TO AMEND ZONING ORDINANCES REGARDING STORMWATER MANAGEMENT REGULATIONS FOR RESIDENTIAL AND NONRESIDENTIAL DEVELOPMENT: SECTIONS 21-17 “STORMWATER MANAGEMENT.”**

WHEREAS, Chapter 21 of the Town of Sullivan’s Island Ordinance which is cited as “The Zoning Ordinance” was originally enacted in 1977; and

WHEREAS, the Town of Sullivan’s Island has, from time to time, amended certain sections of the Zoning Ordinance; and

WHEREAS, the Planning Commission of Sullivan’s Island has studied, discussed and received public feedback related to establishment of stormwater regulations during regular Commission meetings between March 9, 2016 and May 11, 2016; and

WHEREAS, the Planning Commission held a public hearing on June 8, 2016 regarding proposed Zoning Ordinance text changes, at which time the Commission recommended to Council approval of proposed text changes; and

WHEREAS, Town Council deliberated and discussed recommendations for this issue at the following public meetings: Town Council workshop on July 11, 2016 and August 1, 2016; and

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND TOWN COUNCIL IN MEETING DULY ASSEMBLED, that the following sections of the Town’s Zoning Ordinance be amended as follows:

## ARTICLE 21: SECTION 21-17: STORMWATER MANAGEMENT

---

### **Sec. 21-17. Stormwater Management.**

No lot shall be built upon, graded or filled without the Building Official's or Zoning Administrator's prior approval of a stormwater management plan. The stormwater management plan and construction specifications must be stamped and signed by a professional engineer or landscape architect actively licensed in the state of South Carolina. All stormwater plans must include a scaled site plan and survey illustrating all existing and proposed topographical features of the lot, existing and proposed drainage flow patterns, with a site narrative describing the means and methods of preventing adverse impacts to adjacent and/or downstream properties. The following site changes shall require the submittal of a stormwater management plan:

- a. Any new building construction, new impervious surface, or replacement of impervious surfaces, which cumulatively exceed six hundred and twenty-five (625) square feet in area; (All development shall be cumulative over time when considering the square footage threshold for requiring a stormwater management plan)
- b. **Adding fill or re-contouring of twenty (20) percent or more of the existing lot area in accordance with Section 21-13.**

Additional submittal materials, design specifications and maintenance schedules may be requested at the discretion of the Building Official and/or Zoning Administrator to ensure compliance with the Charleston County Stormwater Management Program.

## TOWN OF SULLIVAN'S ISLAND TOWN COUNCIL: STAFF REPORT

---

Meeting Date: August 16, 2016  
Regarding: **Tree City USA Designation**

---

### **ISSUE:**

The Land Use and Natural Resources Committee (LUNR) recommendation of approval to apply for Tree City USA designation

### **BACKGROUND:**

On April 28<sup>th</sup>, the Tree Commission held an Arbor Day celebration, which is one step to establishing Tree City USA designation. After considering the benefits, and relative ease of receiving the designation, the Tree Commission and the LUNR Committee recommended that Town staff move forward with the application.

The application must demonstrate meeting the four standards below:

- ✓ Tree Board and/or staff arborist
- ✓ Tree Care Ordinance
- ✓ Community Forestry Program With Annual Budget of at Least \$2 Per Capita\*
- ✓ Arbor Day Observance and Proclamation

**Application dead line December 31, 2016**

### **TREE CITY USA BENEFITS:**

Tree City USA designation provides community members

- Educational resources
- Technical assistance
- Public attention
- National recognition

\*3. Town's population 1900-2000 (Per capita requirement \$3800-\$4000)

Town's current budget: Maintenance related expenditure

Expenditure	Budgeted
Trimming and Pruning	\$9000 (FY 2016)
Tree Commission	\$1500 (FY 2016)
Recreation Maintenance (Parks and Town Property)	\$15,000 (FY 2016)
Beach Access Maintenance	\$50,000 (FY 2016)
Staff Hourly rate for cutting/ pruning	\$25.00 hour
Arbor Day expense	\$800 (2016)

## TOWN OF SULLIVAN'S ISLAND PLANNING COMMISSION: STAFF REPORT

---

Meeting Date: August 10, 2016  
Regarding: **Historic Design Guidelines**

---

### **ISSUE:**

Town Council initiated text amendment to modify Zoning Ordinance §21-97 C. (5) (Criteria for Certificate of Appropriateness) to require all historic design review to be in compliance with the *Secretary of Interior's Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings* (SIS Guidelines).

### **ENCLOSURES:**

- Z.O Section 21-97 C. (5): Subsection of the ZO that references the Secretary of Interior's Standards for Rehabilitation.

### **BACKGROUND:**

During the August 1, 2016 Town Council workshop, it was recommend the Planning Commission be tasked with studying the existing Zoning Ordinance language of Section 21-97 C. (5); the current criteria for review and issuance of a Certificates of Appropriateness for historic restoration projects.

Currently, Section 21-97 C. (5) outlines the ten *Standards for Rehabilitation*, however, Town Council believes the Zoning Ordinance could be more clear when requiring all projects to meet SIS Guidelines. Clarifying this language could help to improve the level of staff and DRB review in the following ways:

- Ensure all projects are conducted in accordance with national preservation standards;
- Provide illustrations and diagrams to property owners, project managers, and staff to better explain the standards for historic preservation;
- Show "recommended" and "not recommended" treatments;
- Determine the level of treatment (preservation, rehabilitation, restoration, reconstruction), and prescribed method for retaining the greatest amount of historic fabric.

### **Staff Recommendation:**

Staff recommends review of the *Secretary of Interior's Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings* (SIS Guidelines) and begin a dialog for potential modification of §21-97 C. (5) (Criteria for Certificate of Appropriateness).

1. Review the standards online at <https://www.nps.gov/tps/standards/four-treatments/treatment-guidelines.pdf>
2. Determine how to best incorporate the guidelines into the town's regulations
3. Make the guidelines binding to all historic design review projects (both DRB and staff level maintenance related permits)

## **ADMINISTRATOR'S REPORT TO TOWN COUNCIL**

**August 16, 2016**

### **I. Council Correspondence**

#### **A. New Correspondence**

- 1) Michael Walsh, MD - Secretary Battery Gadsden Cultural Center, 08-15-16: Requested amendments to the BGCC lease agreement.
- 2) G. Hamlin O'Kelley, III, Esq. – Buist Byars & Taylor LLC, 08-05-16: FOIA request regarding 2802 Jasper Boulevard.
- 3) Bonnie Ammons – Director, Office of Local Government Rural Infrastructure Authority, 08-04-16: SRF Loan Confirmation.
- 4) Dominic Santanna – Manager, ISO National Processing Center, 05-30-16: Notification of Public Protection Classification Class 1.
- 5) Ward Lasso – 2802 Jasper Boulevard, 07-14-16: Fee simple decision regarding property.
- 6) Susan King – Sullivan's Island Elementary School, July 31, 2016: Staff will be coordinating the traffic flow with SIES based on classes beginning August 15, 2016.
- 7) Battery Gadsden Cultural Center – July 30, 2016: BGCC is requesting and extension to its lease with amendments. The lease is scheduled to expire 12-01-16. The BGCC Board will meet 08-08-16 and expects to forward amendment requests thereafter.
- 8) Mary Pringle – Island Turtle Team, July 25, 2016: On 7-23-16 the 14<sup>th</sup> turtle nest was discovered on Sullivan's Island passing the previous record high of 13 nests established in 1998. Regrettably nest 13 appears to have been raided by coyotes.

## II. Construction Project

- A. Town Hall and Police Station Building – Activity remains high with multiple trades working on and within the building during August. Exterior activity includes hardscape, steps, decking and columns. Tremendous progress has been made on the interior trim carpentry. Substantial installation of interior lighting has been completed. Bathroom finishes well underway. The furniture order has been placed with delivery date set for not before September 21. Tentative telephone and I.T. service is set to cut over between September 24 and 25 with occupancy on September 26. At present Contractor is confident of this schedule. Pay application has been approved for payment and is presented in the amount of \$ 241,870.95. Balance to finish including retainage is \$1,004,208.80. Change orders include \$259,158.30 in additions and \$45,733.57 in deductions for a project increase of \$213,424.73.

The next OAC meeting will be held Tuesday August 23, 2016.

- Design Review Board: 4 seats (Ilderton, Wright, Craver, Webb)
- Planning Commission: 3 seats (Cole, Huey and Poletti)

Applications to date have been circulated to Council.

August 15, 2016

Andy Benke, Administrator  
Town of Sullivan's Island

Town Council Members,  
Town of Sullivan's Island

This communication is in follow-up to our recent notification regarding the wish of Battery Gadsden Cultural Center (BGCC) to renew its current lease with the Town of Sullivan's Island that will expire in December, 2016. In that notification we also indicated there were some changes in the terms of the lease we would like to discuss with you.

Most significantly we would request consideration of extending the length of the lease agreement from 2 years in the current lease to 5 years in the new lease. We certainly understand why the Town may have been reluctant to agree to a longer lease two years ago. BGCC was an organization coming back from only recently having been defunct. There was no guarantee that the new iteration of the group would prove to be viable. However, we believe we have now shown long term stability in many different ways. We have reestablished our 501 (c) (3) status. We have been good caretakers of the Battery Gadsden facility. We have re-engaged the community through very successful and varied programming, ranging from lectures by notable figures such as Dr. Nic Butler to our book signing event with Dorothea Benton Frank, to the extremely entertaining evening with Mayor John Tecklenburg and the upcoming program with former mayor, Joe Riley. We are also on the brink of initiating an oral history program to preserve the memories of long time Island residents for use by scholars, authors and other researchers. However, to carry on some of these activities, especially those like the oral history program that require funding for equipment and other services, we need to encourage donations. We believe that donors, particularly major benefactors, are encouraged to give when they see evidence of long term commitment. We feel that a longer term agreement between BGCC and the Town will help prove that commitment and enhance our fund raising abilities. This would be especially important as we try to approach foundations seeking grants.

Secondly, BGCC clearly understands the requirement of the current lease to include a Town Council member or designee on our Board. Again, two years ago our future was uncertain. It was undoubtedly felt to be necessary to maintain a close liaison between BGCC and Council since we were asking for the use of Town property. As it turns out, this requirement has been to our very great benefit because of the Council member who was chosen, Susan Middaugh. Susan has not only been a link between BGCC and Council, but she has also worked as hard as, if not harder than, any other member of our group to assure success of the organization. We sincerely appreciate that. However, if the time comes during the term of the upcoming lease when the current Council member on our Board is to be replaced (for example, through retirement from Town Council), we would request that our Board be given the right of approving the next Council representative. We ask this only to assure continued compatibility and good working relationships, especially since, unless the lease is changed further, the Town Council member eventually becomes a full voting member of our Board.

Finally, paragraph 19 (vii) under Additional Obligations of the Tenant requires providing an annual copy of our membership roster. We have open membership, require no dues and do not issue membership cards. While we can say that we easily have 35-100 people at our monthly events, we literally have no way of providing such a membership roster. Furthermore, there are always some member/donors who

wish to remain anonymous and would consider having their name turned in to a governmental agency as intrusive. We would request that this requirement be removed from the next lease.

Thank you for your consideration of these changes. We would be happy to meet with you at your convenience to discuss these requests.

For the Board of Battery Gadsden Cultural Center,  
W. Michael Walsh, MD  
Secretary

Our File No.: 2450.0001

Dear Mayor O'Neil and Mr. Benke:

Pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. §30-4-10, *et seq.*, please allow this letter to serve as a written request for a copy of all information regarding 2802 Jasper Boulevard, and Lots 177, Charleston County TMS No. 529-07-00-024, as owned by my client Mr. Ward Lassoe, from 2002 to the present.

Specifically, this letter requests copies, records and/or documentation as to the following:

1. Each and every tax bill paid by the Town of Sullivan's Island for any property shown as Lot 177 as shown on that Plat recorded in Plat Book D, Page 184 in the Office of the RMC for Charleston County from 2002 to the present, including the northern section of Lot 177 which the Town of Sullivan's Island refuses to quitclaim to Mr. Lassoe.
2. The name and address of each and every employee of the Town of Sullivan's Island assisting in that correspondence from Lawrence A. Dodds, Jr., Esq., to William S. Barr, Esq., dated May 11, 2016.
3. The name and address of each and every attorney assisting Lawrence A. Dodds, Jr., in any opinion, research, or title review of the ownership of Lot 177 and the northern portion referred to as part of the "Back Beach" on Sullivan's Island, and all attorneys' fees paid, to date, in reference to Lot 177.

4. The name and address of each and every Grantee of any Quitclaim Deed from the Town of Sullivan's Island to any party from 2002 to the present for any property or portion thereof in the "Back Beach" section of Sullivan's Island, including, but not limited to, any neighbors of Ward Lassoe on Jasper Boulevard.
5. The names of each and every attorney that assisted in the drafting, any and Quitclaim Deeds to any Grantee of the property or portion thereof in the "Back Beach" section of Sullivan's Island, including the Quitclaim Deed to the Marianski family transferring any right, title, or interest to Lot 178 as described on the Plat recorded in Plat Book D, Page 184, in the Office of the RMC for Charleston County, as issued in December, 2015.
6. Any and all objections, letters, notes, e-mails or other documents in possession of the Town objecting or responding to the dock permit application of Dr. Mitchell D. Feller for 2802 Jasper Boulevard in 2002;
7. Any and all objections, letters, notes, e-mails, or other documents in possession of the Town objection or responding to the dock permit application of Ward Lassoe for 2802 Jasper Boulevard in 2014;
8. Minutes of all Town Council Meetings where the issue of ownership of the northern portion of Lot 177 was discussed, debated, or placed on any agenda form 2002 to the present;
9. Minutes of all Town Council Meetings Motions to go into Executive Session to receive legal advice on the issue of ownership of the norther portion of Lot 177 from 2002 to the present.
10. All emails or other correspondence from employees of the Town and/or Town officials, office holders, representatives, or agents regarding the issue of the ownership of the northern portion of Lot 177 from 2002 to the present;
11. All emails or other correspondence from employees of the Town and/or Town officials, office holders, representatives, or agents regarding the viability, opportunity, likelihood, or possibility of the northern portion of Lot 177 as a building sit for a residence from 2002 to the present.

Also, this request is to demand that the Town of Sullivan's Island preserve all communications, documents, tangible things, and electronically stored information ("ESI") relevant to this request regarding any communications from and to any person.

Should the Town be unable to provide any of the information requested, then please provide a reasonable explanation as to why such information is unavailable and the persons or persons who investigated the matter to determine such information is unavailable.

Please be aware the time to reply to this request under the South Carolina Freedom of Information Act is fifteen (15) days from receipt. *See* S.C. Code Ann. §30-4-30.

Please kindly mail the requested information to me at 652 Coleman Boulevard, Suite 200, Mount Pleasant, South Carolina 29464, along with an invoice for the reasonable copying expenses. Contact me in advance if you anticipate expenses to be more than one hundred dollars (\$100.00). Thank you in

advance for your prompt attention to this matter. Should you have any questions, please feel free to contact me. With kind regards, I am

RE: Sullivans Island, Charleston County, South Carolina  
Public Protection Classification: 01  
Effective Date: September 01, 2016

Dear Mr. Andy Benke,

We wish to thank you, Chief Anthony Stith, Mr. Andrew Fairey and Mr. Greg Gress for your cooperation during our recent Public Protection Classification (PPC) survey. ISO has completed its analysis of the structural fire suppression delivery system provided in your community. The resulting classification is indicated above.

If you would like to know more about your community's PPC classification, or if you would like to learn about the potential effect of proposed changes to your fire suppression delivery system, please call us at the phone number listed below.

ISO's Public Protection Classification Program (PPC) plays an important role in the underwriting process at insurance companies. In fact, most U.S. insurers – including the largest ones – use PPC information as part of their decision-making when deciding what business to write, coverage's to offer or prices to charge for personal or commercial property insurance.

Each insurance company independently determines the premiums it charges its policyholders. The way an insurer uses ISO's information on public fire protection may depend on several things – the company's fire-loss experience, ratemaking methodology, underwriting guidelines, and its marketing strategy.

Through ongoing research and loss experience analysis, we identified additional differentiation in fire loss experience within our PPC program, which resulted in the revised classifications. We based the differing fire loss experience on the fire suppression capabilities of each community. The new classifications will improve the predictive value for insurers while benefiting both commercial and residential property owners. We've published the new classifications as "X" and "Y" – formerly the "9" and "8B" portion of the split classification, respectively. For example:

- A community currently graded as a split 6/9 classification will now be a split 6/6X classification; with the "6X" denoting what was formerly classified as "9."
- Similarly, a community currently graded as a split 6/8B classification will now be a split 6/6Y classification, the "6Y" denoting what was formerly classified as "8B."
- Communities graded with single "9" or "8B" classifications will remain intact.
- Properties over 5 road miles from a recognized fire station would receive a class 10.

PPC is important to communities and fire departments as well. Communities whose PPC improves may get lower insurance prices. PPC also provides fire departments with a valuable benchmark, and is used by many departments as a valuable tool when planning, budgeting and justifying fire protection improvements.

ISO appreciates the high level of cooperation extended by local officials during the entire PPC survey process. The community protection baseline information gathered by ISO is an essential foundation upon which determination of the relative level of fire protection is made using the Fire Suppression Rating Schedule.

The classification is a direct result of the information gathered, and is dependent on the resource levels devoted to fire protection in existence at the time of survey. Material changes in those resources that occur after the survey is completed may affect the classification. Although ISO maintains a pro-active process to keep baseline information as current as possible, in the event of changes please call us at 1-800-444-4554, option 2 to expedite the update activity.

ISO is the leading supplier of data and analytics for the property/casualty insurance industry. Most insurers use PPC classifications for underwriting and calculating premiums for residential, commercial and industrial properties. The PPC program is not intended to analyze all aspects of a comprehensive structural fire suppression delivery system program. It is not for purposes of determining compliance with any state or local law, nor is it for making loss prevention or life safety recommendations.

If you have any questions about your classification, please let us know.

Sincerely,

*Dominic Santanna*

Mr. Andy Benke  
Town Administrator  
Town of Sullivan's Island  
2050-B Middle Street  
Sullivan's Island, SC 29482

July 14, 2016

Andy,

I am asking the Town Council to reconsider their recent decision regarding my request for a revised fee-simple deed for my property. I have talked to two real estate attorneys, and they both believe that I have a solid basis for a lawsuit, especially in light of the fee-simple deed that was issued last year for 2808 Jasper Boulevard. Since that deed includes three-quarters of an acre of land and references the Lamble plat, it undercuts the bulk of the arguments made by the town attorney. I am ready to file a lawsuit, but I want to make one last appeal in an effort to avoid the time and cost of a protracted legal fight.

My basic argument is that the initial fee-simple deed for my property was issued in error, and I have some new information in that regard. In addition, the town's current position contradicts past assurances that I received regarding the town-owned lot behind my house. I'm not asking the Council to ignore the legal issues, but I would like the town to consider my request as a matter of fairness.

Aline Smith owned 2802 Jasper Boulevard in 1976 when the existing fee-simple deed was issued. I've spoken to her son (Dr. Mason Smith), and he told me that their family had always used the full lot (all the way back to the marsh) when they lived there. There was a fence that went around the entire property, and there were structures in the back portion of the lot that they used to stable horses. He is willing to certify that his mother always considered the house lot as extending back to the marsh. He can also provide photos to illustrate this point.

Dr. Smith was unaware of the fee-simple deed restricting the lot to a half-acre, and he thinks his mother was unaware as well. He is certain that his mother would not have agreed to a deed that excluded that back section of their land. So why didn't his mother contest the deed when it was issued? The only logical explanation is that she didn't know the details in the deed. This is certainly possible since a property owner is not required to sign or certify a fee-simple deed.

This theory is bolstered by other documents. Aline Smith actually sold the house just three months after the fee-simple deed was issued. In that deed of sale, the lot description refers to the Lamble plat and states that the property is bordered to the north by the "Back Beach" (see attachment #1). There is no reference to the Rhett

plat or any town-owned lot behind the house. Clearly, Aline Smith and her lawyer were unaware of the details of the recent fee-simple deed when she sold her house.

This same legal description (referring to the Lamble plat) was used again the next time the house changed hands in 1979. Again, the new owner (Rondon Oliver) and his lawyer seemed to be unaware of the details in the fee-simple deed. A reference to the Rhett plat and the town-owned lot (matching the fee-simple deed language) does not appear until the next time the house is sold in 1986.

The deeds for all the other houses in the 2800 block of Jasper reference the Lamble survey, and there's no reason why 2802 Jasper should be any different. It appears that a mistake was made when the fee-simple deed was issued in 1976. Unfortunately, Aline Smith's lawyers did not catch the mistake at the time, but clearly she and her attorney believed that the lot included the full three-quarters of an acre, as evidenced by the deed of sale. I think it's only fair to rectify this oversight.

When I purchased the house, I was obviously aware of the town-owned lot. Its existence concerned me, so I asked town officials about it. I was assured that I had nothing to worry about since the lot would not be developed. At the time, I thought about getting that assurance in writing, but I didn't want to seem overly legalistic. Obviously, I regret that in hindsight. There was certainly no "discount" in the price of the house due to the town-owned lot; it was priced comparably to other marsh-front properties. Therefore, I would have walked away from the deal if there was even a hint that the town-owned lot could be developed someday.

The previous owner of the house also got the same assurances when he bought the property back in 1999. Dr. Mitch Feller said he would be glad to provide a statement that he was told by town officials that the back lot would never be developed. The best evidence may be his application to build a dock back in 2002. The town turned down his application, but the town's only objection was the proposed length of the dock (see attachment #2). There was no mention of any concerns related to the town-owned lot. At the time, the town told Dr. Feller that he could build the dock if he simply shortened it to less than 300 feet, as required by town guidelines. Obviously, I wish he had done so, because if he had, this whole issue would be moot.

I feel that the town should stick to the commitments made to me and the previous owner that the back lot would not be developed. It would be different if I had paid a reduced price for the property knowing that I was taking a risk of possible development. I did my homework and asked the right questions. If I had gotten even the slightest indication that the lot could be developed, I would have purchased a different property.

It's also worth noting that if the town issues me a revised deed, I will not be getting a valuable lot that can be developed. The land will simply become part of my existing lot.

And I would like to make one other legal note. If my lawsuit requesting a new fee-simple deed is unsuccessful, I will file another lawsuit to block any development of the lot behind my house. Since the lot is less than a quarter acre and has less than 25 feet of street front frontage, it certainly doesn't meet relevant the zoning requirements for a building lot on the island. There is also a large oak tree in the center of the lot that would significantly limit any development.

Again, my hope is that we can avoid a lengthy and costly legal fight. I look forward to the Town Council's response. Thanks for your consideration.

RE: P/N# OCRM-02-2000-R

Dear Ms. Rodgers:

Thank you for the opportunity to comment regarding Permit Number OCRM-02-2000-R, Permit ID 47241 at 2802 Jasper Boulevard.

Please be advised that Section 21-40 a) of the Sullivan's Island Zoning Code limits dock length to a maximum of 300 feet. Because the proposed dock exceeds this length, the Town of Sullivan's Island respectfully requests this permit be denied.

Sincerely,

  
W. Kent Prause

## **WATER AND SEWER COMMITTEE MINUTES**

**Thursday, July 21, 2016, 8:30 AM**

**Water & Sewer Department Office**

### **1. Call to Order & Freedom of Information Requirements**

The Freedom of Information Requirements having been met, the meeting was called to order at 8:30 AM. Those present were Committee Members Mark Howard and Susan Middaugh (Chair) and Staff Members Greg Gress, Andy Benke and Jason Blanton. Bachman Smith was absent due to a schedule conflict.

### **2. Approval of Minutes from W&S Committee Meeting on June 23, 2016**

The minutes were approved, pending the addition of a statement reflecting the opposition of the Facility Manager, Greg Gress, to the action taken by the W&S Committee in allowing a 5 foot setback, instead of the required 10 foot setback, from the Town water line for Poe Park. Susan Middaugh will make this correction and circulate the corrected minutes for final approval.

### **3. SRF Loan Application for Phase II: On track, waiting for packet from SRF needed to finalize the loan/bond.**

### **4. FEMA grant: update**

FEMA has agreed to the Town's request to provide the required Jurisdictional Determination by the Army Corps of Engineers after the grant award instead of making it a prerequisite of the award. At present, the FEMA Grant has not cleared the Historic and Environmental review section. Greg Gress has been provided the contact information for the SC State Historical Preservation Office to see about completion of this section.

### **5. Review of FY17 Planning & Pending Items:**

#### **Items Currently in Progress**

- a. Rate Study: This should be completed in August.
- b. CWS contract revisions: There is a conference call with Town staff, Raftelis consultant and Attorney Sheedy to discuss the Town's water rates charged by CWS under the terms of our contract.
- c. Poe Ave (Hennessy to Palmetto) Sewer line relocations: Greg Gress is meeting today with the four homeowners who are being impacted by the sewer line improvement in the easement located between their properties. This is the fourth such meeting to answer all questions and gain approval of a defined easement

although the Town has full authority, as written in their deeds, to conduct this utility work.

- d. Water pumping station fencing and site improvements: Work has commenced and should be completed in August. This includes vegetation and tree removal as needed, removal of an old concrete clarifier and installation of an 8 ft. wood, shadowbox fence with landscaping as needed after installation.
- e. W&S billing software replacement: Bids are being obtained by the Town.

**Items to be Considered in FY2017, Starting with the August Meeting.**

- f. Revision of Appeals Policy and Procedures: This will be the next item the W&S Committee will take up, starting with the August 25, 2016 meeting. Mr. Gress will email to Committee members Section 20-12 of the Ordinances that describe the current policy.
- g. Update of Private Sewer Lateral Policy relevant to I&I Phase II: After item f. above is completed, this will be the next item to be taken up by the Committee. Mr. Gress is updating information on Lateral Policy based on leak-free certification programs from a conference he attended in Atlanta.
- h. Development of a Cost Recovery Program: Third in line will be consideration of a CRP and a future Asset Management Plan. This is an on-going and long-term process. Mr. Gress will provide an outline of the overall process, review the current status of the CRP and suggest the next steps to be taken.

**Items to be Considered as FEMA funding and other financial considerations are known.**

- i. ASR: Aquifer Storage and Recovery: Funding will be needed for a feasibility study to determine whether ASR is viable using Town's existing deep well. If so, this would provide extensive water storage for back-up emergency use.
- j. Pre-Disaster Mitigation Grant for submersible pumps: Funding will be needed for the engineering study that is required to develop a FEMA grant application to provide 75% funding for replacing and flood-proofing the Town's five aging sewer line pumps.

**6. Communications / Additional Items from WWTF Manager, Greg Gress**

Manda Poletti emailed a revised plan for Poe Park with 5 ft. setbacks from the Town water line and 5 ft. setbacks from the lateral water line to one of two houses served by this line. The drawing also shows the location of proposed playground equipment. The remaining problems are: (1) the submitted drawing does not show the location of the DOT 18" storm water pipeline or the location of the lateral water line that runs to the second house served by this line and (2) the drawing is not based on a formal survey as

previously requested, showing property pins and the Town property lines and DOT ROWs. Greg provided the W&S Committee with a copy of the Poletti sketch with the approximate location of the storm water pipeline and the second water line. The chair will communicate with Manda Poletti and request the remaining information.

Mr. Gress also updated the committee on maintenance and repair of the two clarifiers and gear boxes and plans to work on 100 ft. of water main at Sta. 10.

- 7. Next W&S Committee meeting will be Thursday, August 25, 2016, at 8:30 AM.**
- 8. Adjournment** at 9:40 AM on a motion by Mark Howard, second by Susan Middaugh and unanimous approval 2/0.

E. COLI ANALYSIS METHOD	
Lab ID	10005001
SIGNATURE	
Date	08/08/2016

Within 24 hours of learning of a total coliform-positive (TC+) sample result, REPEAT samples must be collected and analyzed for total coliforms:

- One REPEAT sample must be collected from the same tap as the TC+ sample.
- One REPEAT sample must be collected within five service connections upstream of the TC+ sample.
- One REPEAT sample must be collected within five service connections downstream of the TC+ sample.
- If the system is served by Ground water then a Triggered Source sample must be collected prior to treatment from each source in use at the time the total coliform-positive sample was collected. The number of samples taken PER WELL must equal the number of positive TCR samples. If you collected three TC+ samples, then three well samples must be taken at EACH WELL that was in service at the time.
- The triggered source water sample must be analyzed for the presence of *E. coli*.
- If any triggered source water sample is *E. coli*-positive, the Ground Water system (GWS) must either take corrective action, as directed by the state, or the GWS must take 5 additional source water samples within 24 hours.
- If the GW system Purchases some or all of their water they must notify the wholesale system (s) within 24 hours.

If any REPEAT sample is TC+:

- The system must analyze that total coliform-positive culture for *E. coli*.
- The system must collect another set of REPEAT samples, as before, unless the *E. coli* MCL has been violated or an assessment has been triggered.

For a system on quarterly monitoring, a TC+ result requires a minimum of three ROUTINE samples be collected the following month.

**CALL SCDHEC on the same day you learned of the *E. coli*-positive (EC+) result, or by the end of the next business day if the result came in after business hours**

Please submit a copy of your laboratory's chain of custody along with this form.

**SULLIVAN'S ISLAND POLICE DEPARTMENT**  
**MONTHLY REPORT SUMMARY**  
**JULY 2016**

07/01 – A complainant reported that someone removed her bicycle from under her staircase where it had been stored.

07/02 – A subject was located at Station 22 and Middle Street. The subject was grossly intoxicated and was unable to provide information in order that he could get to a safe place. The subject was arrested and lodged in the county jail.

07/03 – Officers received a complainant of a dog locked in a vehicle with no water and the windows up. On arrival, the officers located the vehicle and dog and decided to remove the dog from the vehicle. The dog was lodged in the police department kennels. The owner of the dog came to the station to retrieve the dog; the owner was cited for animal cruelty and released.

07/03 – While on patrol, the officers observed a number of juveniles trespassing at a construction site. The juveniles were stopped and their parents were notified and the juveniles were released.

07/05 – A vehicle was observed looking suspicious on the side of the road. The officer approached and learned that the vehicle registration was suspended and the driver had an outstanding warrant from Berkley County. The driver was detained and handed over to Berkley County Sheriff Office.

07/05 – Officers responded to a female passed out in a vehicle. On arrival, the officer located the subject. EMS was notified and the female refused medical treatment. The vehicle was towed and a taxi was called to take the female home.

07/10 – While on patrol, an officer observed two subjects on a construction site out of work hours. As the officer approached the two, the male subject fled and was not able to be stopped. After further investigation it was learned that the female subject was under age and the male was an adult. The female was released to her father and warrants were secured for the male subject.

07/12 – Officers responded to a residential alarm where they found an unsecured door. The house was checked but a key holder was unable to respond, the door was secured.

07/16 – A complainant reported that she received a phone call from a subject who stated that they were from the Sheriff's Office and he had a warrant for her arrest for failure to appear. The complainant called the police department and she was informed that it was a scam.

07/19 – A vehicle was stopped for a traffic violation. During the stop it was learned that the driver had an outstanding warrant from Charleston County. The subject was transported to the county jail where he was turned over.

**SULLIVAN'S ISLAND POLICE DEPARTMENT  
MONTHLY REPORT SUMMARY  
JULY 2016**

07/19 – Police, Fire and EMS responded to a report of a subject attempting suicide, the subject was evaluated and taken to the hospital for treatment.

07/20 – A complainant reported that an unknown vehicle struck and damaged his mailbox sometime during the night.

07/27 – A vehicle was stopped for a traffic violation. During the stop it was learned that the driver's license was suspended; the driver was arrested and lodged in the county jail.

07/28 – Police and Fire departments responded to a report of a power line being pulled down by a truck. SCE&G responded and repaired the line.

07/30 – A complainant reported that between July 4<sup>th</sup> and July 30<sup>th</sup> someone attempted to gain entry in to her residence by use of what appears to be a screw driver.
