IX. Adjourn

September 20, 2016

The regular meeting of Town Council was held on the above date at 6:00 p.m., all requirements of the Freedom of Information Act having been satisfied.

Present were: Patrick M. O'Neil, Mayor
Chauncey Clark, Mayor Pro-Tem
Sarah Church, Councilmember
Mark Howard, Councilmember
Rita Langley, Councilmember
Susan Middaugh, Councilmember
Bachman Smith, IV, Councilmember

Mayor O'Neil called the meeting to order at 6:00 p.m. and stated the press and public had been notified in accordance with State Law. There were approximately ten members in the audience, with two members of the media. Mayor O'Neil led the Pledge of Allegiance, followed by the invocation by Councilmember Clark. A Moment of Silence and Words of Remembrance for Island Residents Mary Grace Grisillo and Ann Moore was given by Councilmember Howard.

I. Water and Sewer Hazard Mitigation Grant Application HMGP-DR4166-0042:

Mayor O'Neil stated a meeting was held to discuss the Water and Sewer Hazard Mitigation Grant Application. Present at that meeting were: Mayor O'Neil, Elizabeth Ryan and Ryan Guerry with South Carolina Emergency Management Division in Columbia, Tracy Lewis with HDR Engineering, Representatives from the FEMA Regional Office in Atlanta, Town Administrator Andy Benke, Water and Sewer Manager Greg Gress, Councilmember Middaugh and Councilmember Clark.

Administrator Benke then summarized to Council the content from the meeting. He stated the application is related to the October 2014 FEMA declaration. When the application was submitted, the design was made for upgrades at the plant for the 100-year flood event. During the meeting, the Town was told the design needed to be for the 500-year flood event. HDR Engineering will make the necessary changes to the design for the application. Elizabeth Ryan and Ryan Guerry suggested to phase the application. Phase I would include the feasibility study and the additional information needed for the 500-year flood event, with the additional expense being around 22K. Phase II would include the final documents and the construction.

Motion was made by Councilmember Middaugh, seconded by Councilmember Clark, to authorize the Town to proceed with Phase I of the Water and Sewer Hazard Mitigation Grant Application HMGP-DR4166-0042, carried unanimously.

II. FY2016 Financial Audit:

Mayor O'Neil introduced Larry Finney and Emily Sobczak of Greene, Finney and Horton. Ms. Sobczak presented highlights of the fiscal year 2016 financial audit of the Town. She stated the Town received an unmodified opinion, which is the best opinion the Town can receive. No findings, significant deficiencies, or material weaknesses were noted. The General Fund balance decreased \$2.6 million mainly due to the construction of the new Town Hall/Police Station, public safety vehicle additions and playground equipment additions. The restricted fund balance of \$666K is for capital projects, Victim Services, Confederate Memorial, and the Land Trust. Committed is \$3.9 million for capital projects.

There is an assigned fund balance of \$20K for William Bradley Memorial Fund. The unassigned fund balance is \$3.2 million, which covers 66% of 2017 budgeted expenditures. The general fund revenues for 2016 were \$5.2 million, with general fund expenditures of \$8.46 million. The majority of the expenditure increase from 2015 was due to an increase in capital outlay. The Water Fund had an increase in net position from current year operations of \$74K; and a net cash position of approximately 510 days. The Sewer Fund had a decrease in net position of \$71K; and a net cash position of approximately 98 days.

III. FORMAT: Mayor O'Neil opened the floor for public comment.

Hal Coste, 322 Station 19, stated that he would like to discuss the Tree House Ordinance. Council informed Mr. Coste that it will be discussed at the next Land Use and Natural Resources Committee Meeting which will be held in November.

IV. COUNCIL ACTION ITEMS:

1. Approval of Council Minutes –

Motion was made by Councilmember Smith, seconded by Councilmember Church, to approve the Regular Council Meeting Minutes of August 16, 2016, carried unanimously.

2. **Motion was made by Councilmember Clark, seconded by Councilmember Langley, to have Third Reading, Ordinance No. 2016-06, An Ordinance to Amend Zoning Ordinances Regarding Stormwater Management Regulations for Residential and Non-Residential Development: Sections 21-17 “Stormwater Management”, carried unanimously.**
3. **Oath of Office:** Mayor O’Neil along with Police Chief Howard administered the Oath of Office to Police Officer Gary Erikson. Officer Erikson served 25 years on Isle of Palms, with a total of 33 years in Law Enforcement.

V. **REPORTS AND COMMUNICATION:**

1. **Administrator’s Report**

General and New Correspondence –

- Andrea Kozloski- BCD-COG, Press release for recent announcement of the U.S. Department of Transportation and Federal Transit Administration awarding \$6.1 million funding for bus and related equipment purchase.
- Al Segars D.V.M., SCDNR, Note of appreciation to Officer Poole and Maintenance Department for assistance with manatee fatality.
- David Creech, Creech and Associates, Proposal and scope of work for Fire Station rehabilitation design.

Town Hall and Police Station Building- Contractor work schedule precipitated a change to October 10, 2016 for occupancy. Remaining exterior activity includes hardscape, parking/paving and shutters. Interior work is focused on carpet, painting and fixture installation. The furniture delivery and installation is set for October 6-8, 2016. Tentative telephone and I.T. service is set to cut over on October 8-9, 2016. Pay application fourteen in the amount of \$364,389.93 has been issued to the contractor. The total project with change orders is currently \$4,144,839.73. After pay application fourteen, balance to finish including retainage is \$639,818.87.

Parking Plan –The South Carolina Department of Transportation has approved the proposed parking plan and encroachment permit. The contractor has signed the contract and been given the notice to proceed. Materials have been ordered; construction is set for late September/early October with enforcement starting the 1st of the new year.

FEMA Hazard Mitigation Grant- The two phase grant application for stormwater infrastructure mapping and improvement was submitted on September 2, 2016. The total grant amount is \$1,460,622.20 with Phase I at \$74,459.51 and Phase II at \$1,386,162.69.

Personnel- The Fire Department and Town Hall have a combined total of three positions available. Staff is reviewing applications and expects to begin interviewing candidates in the near future.

Charleston County Stormwater Infrastructure Work- Charleston County Public Works will receive FEMA funds to clean stormwater infrastructure based on the October 2015 rainfall event. Crews will be cleaning piped collection infrastructure in late September/early October on Sullivan's Island, Isle of Palms and Folly Beach.

Ordinance Recodification Project- Staff is prepared to engage American Legal to begin the recodification project. The process is expected to require twelve to fourteen months to complete. Ellen Miller will coordinate the project.

2. Mayor's Report- Rosh Hashanah is on October 2, 2016. Therefore, the October Council Workshop Meeting will be held on October 10, 2016.

3. Attorney's Report – No items to report.

4. Boards and Commissions Reports – Planning Commission has considered two potential text amendments to the Zoning Ordinance relating to the Historic Design Review process. The items include a text change to a title in the Ordinance; and adding standards for elevating a Historic structure. Both of these items have been approved during the September 14, 2016 Planning Commission Meeting and recommends to Town Council they proceed with the official Text Amendment process.

VI. COMMITTEE REPORTS- DISCUSSION ITEMS:

Finance Committee – Mayor O'Neil. Monthly report rendered. Comptroller Blanton stated that the August Financial Report will be presented at the October Workshop Meeting.

Recreation Committee – Councilmember Church.

Battery Gadsden Cultural Center – Council discussed the Lease Document, with having a consensus for 5 years. This will be discussed in further detail with an ordinance.

Committee Meeting- A Recreation Committee Meeting will be held in the near future to discuss several items including: Island Club RFP, Farmers Market, and possible work outside of the new Town Hall.

Public Facilities Committee – Councilmember Smith. Monthly report rendered.

Station 26 Boat Landing- Bollard installation was completed on September 8, 2016. The road is still closed until further notice.

Respectfully submitted,

Courtney Liles

October 5, 2016

A Special Meeting of Town Council was held on the above date at 11:00 a.m. at Town Hall, 2050-B Middle Street, all requirements of the Freedom of Information Act having been satisfied.

Present were: Patrick M. O'Neil, Mayor
Sarah Church, Councilmember
Mark Howard, Councilmember
Rita Langley, Councilmember

Mayor O'Neil called the meeting to order at 11:00 a.m. and stated the press and public were notified in accordance with State law. There were no residents present, and one media member present. The purpose of the meeting was for Town Council to discuss the Town preparations for Hurricane Matthew.

Administrator Andy Benke gave a brief overview of the situation. All department staff has been working since last week to prepare the Town. Yesterday, the Governor declared a state of emergency and an evacuation order. It is important to tell residents that depending on the conditions, at some point it might not be possible for first responders to come to their aid. He continued:

- It is possible the hurricane could skirt around Charleston.
- Information to residents has been provided through the website and e-mails. An e-mail went out to residents today encouraging them to go to the Town's website; subscribe to Nixle alerts that the Police Department sends out; and subscribe to the e-newsletter that Lisa Darrow sends out. Also, www.scemd.org and www.charlestoncounty.org websites are available for the latest information.
- Shelters have opened in Charleston County this morning.
- The new Town Hall Building is secure.
- The evidence room has been moved and secured.
- The phone system will be switched at 12:00 noon today to the Fire Station.
- Non-essential employees will be dismissed today.
- Some equipment will be placed on top of the mound, and the North Charleston Coliseum is available if equipment needs to be moved there.

- If there is substantial damage from the hurricane, access to the Island may be restricted until it is deemed safe. Residents should have proof of residence (i.e. driver's license with Sullivan's Island address), or a lease if renting a property. This proof is needed even if a resident has a Town of Sullivan's Island sticker on their car windshield.

The meeting was unanimously adjourned at 11:30.

Respectfully submitted,

Ellen Miller

ORDINANCE 2016-07

AN ORDINANCE TO AMEND CHAPTER 20: WATER SUPPLY SECTION 20-12, CONTRACTING PARTY RESPONSIBLE FOR WATER BEYOND METER

WHEREAS, The Town of Sullivan’s Island (Town) operates a municipal water distribution system, and,

WHEREAS, The Town has codified ordinances pertaining to the management of the municipal water distribution system; and,

WHEREAS, The Town operates the municipal water distribution system through user rates and fees established by a Resolution of Town Council; and,

WHEREAS, It will be necessary from time to time to amend the ordinance in order to maintain cost efficient and effective operation of the system;

NOW, THEREFORE BE IT ORDAINED by the Mayor and Town Council of the Town of Sullivan’s Island in Council assembled, that Section 20 of the Code of Ordinances shall be amended with the following language to read specifically as follows:

Sec. 20-12. Contracting party responsible for water beyond meter.

The Town's contract for water service provides for service of water at the point where the property owner's line is attached to the Town's meter.

Since the operation and condition of the property owners' water lines on private property are beyond the observation and control of the Town, the Town Council shall not be responsible for water used, lost or wasted after passing through the meter, nor will the Town assume the responsibility for billing or collecting from tenants who have not made the required deposit or signed a water contract with the Town. (11-2-69, S12)

Since the Town is purchasing its water from an outside source, the Town of Sullivan's Island shall not be required to make any adjustments to a bill when the water bill and/or sewer bill has been substantially increased due to any excessive water used by the contract owner/property owner when the water has passed through the meter and was subsequently lost or wasted.

The Town, in its sole discretion, may adjust the sewer bill but not the water bill by charging the customer the average monthly sewer bill charge of the previous six (6) months on the account provided the customer can satisfactorily prove to the Town personnel that (1) there was an undetected leak and (2) said excessive water usage did not enter a sanitary sewer and (3) that a reasonable inspection of property would not have discovered said leak

Additionally, an adjustment in the sewer bill will only be made once every three (3) years for a customer and such adjustment would only cover two (2) consecutive months.

No adjustments in the water and/or sewer bill will be made for any leaks in any irrigation system or pool systems. (3-19-96)(8-20-02)

THIS ORDINANCE SHALL BE EFFECTIVE UPON RATIFICATION.

SIGNED, SEALED AND DELIVERED THIS _____ DAY OF _____ 2016.

To the people who helped Emma Fields on
Wednesday, Sept 21, 2011 at 5:00am,

How do we even begin to express our
gratitude to all of you for helping our
daughter. We feel so blessed and know
that she was lucky! But the fact that
everyday you go to work and put yourself
out there to help others is AMAZING!!!

We want to thank you for not just helping
Emma but for serving your community
and making a difference in so many
peoples lives. YOU ALL ARE SPECIAL!!

...for more reasons
than words can express.

Many blessings to all of you and
your families. May God always
watch out for you and protect you! You
will forever be in our hearts!

Thank you! Kristin & Matt Fields

TO: CHATS Enhancement Committee Members, Chief Elected Officials, City/County Administrators, Planning Directors, and Other Interested Persons

FROM: Ron Mitchum, Executive Director

SUBJECT: Requests for Transportation Enhancement Project Proposals/Application Deadline

The BCDCOG, as staff to the CHATS Metropolitan Planning Organization, is soliciting proposals for projects to receive funding under its Transportation Alternative Program allocation. **Applications for funding must be delivered to the BCDCOG offices by 3 PM on Monday, November 7, 2016.**

Please provide an application package of one (1) digital copy and ten (10) hard copies, addressed to the following:

Ryan McClure
Berkeley-Charleston-Dorchester Council of Governments
1362 McMillan Avenue, Suite 100
North Charleston, SC 29405

The application is attached to this email and can be found on the BCDCOG website <http://www.bdcog.com/>.

The CHATS Enhancement Advisory Committee will review and rank projects for available funding. Identified contact persons may be requested to provide a presentation before the Committee at a later date.

If further assistance is needed, please contact Ryan McClure at 843.529.0400 or via email at ryanm@bdcog.com.

Andy,

1. Yes, emphasis is placed heavily on pedestrian movement and pedestrian facilities. There may not be room for streetscape improvements, but please include if you think there will be room.
2. Federal money passed through SCDOT and CHATS.
3. Hard Match (cash) is preferred. While a soft match is permitted, SCDOT discourages in-kind and staff time because it's very difficult to account for/more burdensome with reporting requirements unless it's a very clear cut service (e.g. Town pays for the engineering). I can look into this further if you want to pursue that option.
4. Applicants are responsible for any overages unless there's a windfall of available funding that CHATS can reallocate. We highly recommend overestimating costs. Several open projects are having difficulty awarding construction contracts because contractors don't need the work.
5. Staff will review the applications for completeness to be sure everything is clear. The CHATS Enhancement Committee will meet to discuss and score/rank projects. CHATS then sends the proposed projects to SCDOT. Depending on who will be managing the project, a Participation Agreement is started. Below is a list of projects that won the last round of funding.
6. Given the more complicated nature of this project since it is on a state road and involves utilities, possibly traffic study, suggest having an engineer help with identifying all the specific tasks that will be involved. If the Town doesn't have an on-call engineer, maybe try to work with a Charleston County Engineer (Eric Adams office)?

Ryan,

Tuesday and Wednesday of next week is scheduled to prepare a punch list of the new Sullivan's Island Town Hall so I am not sure of my schedule.

Perhaps you could reply to a few questions related to a project we have had in mind for Sullivan's Island as a starting point and that might just eliminate a call all together.

There is a one block section of Middle Street in the heart of the commercial district between Station 22 and 22 ½ Streets that does not have a sidewalk (adjacent to Home Team BBQ Restaurant if you are familiar with the area). To make matters worse in this area, the parking plan from pre-1950 allows vehicles to park perpendicular to Middle Street so it is quite dangerous to have vehicles backing out into the busy traffic lanes. I am sure the SCDOT would be happy to eliminate this condition. My thoughts for a project would be to create a sidewalk in the eastbound lane of Middle Street from Station 22 Street to Station 22 ½ Street. Parking would then be parallel to the sidewalk in the area. There would be some curb cuts, I am not sure about infrastructure relocation (engineering) and stormwater runoff (engineering). All total I would think somewhere around \$75,000 to \$100,000 for engineering, design and construction provided no relocation of electric/cable/wastewater/water/stormwater infrastructure – again my guesstimate based on previous CTC and TST projects through the County.

After looking at your website and application quickly my starting questions would be:

1. Does this seem like a worthy project? I would think so.
2. Who is the grantor – BCD-COG or federal government?
3. Can the a local match be in-kind services or must it be cash?
4. If the project happens to be more expensive than we estimate, is there a provision for additional funds at the 80/20 split or is that just absorbed by the applicant?
5. Could you explain the application approval process in a little greater detail?
6. Because of the short amount of time before the application deadline, I was thinking it might be helpful to have an engineer prepare a lot of the information requested – do other applicants typically use outside services for projects of this nature?

Thanks and regards,
Andy

CHATS

CHARLESTON AREA
TRANSPORTATION
STUDY

2014 ~ 2015 ~ 2016
Transportation Alternatives
Program

Introduction

The Berkeley-Charleston-Dorchester Council of Governments (BCDCOG), as staff for the Charleston Area Transportation Study (CHATS) Metropolitan Planning Organization, seeks to enhance the capacity of communities, towns, cities or counties to provide alternative transportation facilities. Since 1992, the CHATS Policy Committee, in partnership with the SCDOT Commission, has elected to allocate a portion of available funds for the Transportation Alternatives Program (TAP). The program facilitates and provides a greater opportunity for local governments to collaborate with the BCDCOG to pursue multimodal transportation related activities such as bicycle and pedestrian facilities, and streetscaping. Transportation Alternatives funds are provided through the Federal Transportation Bill (The FAST Act and its predecessor MAP-21) and are allocated by CHATS in three-year increments.

TAP is intended to support projects that will improve the quality of life in communities across the CHATS Planning Area by providing the means to take on projects that might not otherwise be fiscally possible. Its projects have been successful both in preserving and beautifying the best of our transportation resources and in solving problems that affect the daily use of the transportation network.

The program may reimburse up to 80% of the allowable expenditures for an approved project. Applicants must provide the remaining 20% through direct funds, donated materials or in-kind services that meet federal and program guidelines.

Authorized Applicants (CHATS –Urbanized Area Only)

- Local governments
- Regional Transportation Authorities
- Transit Agencies
- Natural Resources or public lands agencies
- School Districts, local education agencies or schools
- Tribal governments
- Any other local or regional governmental entity with responsibility for oversight of transportation or recreational trails (other than a TMA or a State agency that the State determines to be eligible).

What Projects Qualify?

Pedestrian and bicycle facilities, including non-motorized paths, that:

- Connect and develop documented regional or statewide non-motorized transportation networks.
- Are appropriate for the need and user types targeted.
- Benefit state tourism or economic development initiatives.
- If locally significant, have strong transportation connection and involve planning efforts or serve as connectors to regional networks.
- Are identified as a priority on SCDOT, county or regional non-motorized transportation plans.
- Address documented safety deficiencies.
- Are part of a broader non-TAP funded non-motorized system.

Streetscape Improvements, that:

- Are located in established traditional downtowns or historic districts.
- Use a creative design approach that enhances pedestrian safety and takes into account the community identity, history, context, and the human environment.
- Accomplish multiple goals (traffic calming, pedestrian safety, tied with other initiatives, etc.).
- Receive input and support from citizens, local businesses, economic developers, traffic engineers, etc.

For the Transportation Alternatives Program, a pedestrian is not only defined as a person traveling by foot but also “any mobility impaired person using a wheel chair.” The definition of a bicycle transportation facility is “a new or improved lane, path, or shoulder for use by bicyclists and a traffic control device, shelter, or parking facility for

bicycles.” Bicycle and pedestrian projects must be “principally for transportation, rather than recreation purposes.” It must also demonstrate a logical sense of connectivity.

Project Competitive Factors

Financial factors: Realistic expectations about costs; a high level of local match funding and ability to pay for the TAP project.

Public Input: Consistency with adopted plans, policies or other investments; Opportunity and evidence of public involvement.

Safety and Livability: Addresses safety; enhances livability, demonstrates quality of experience, improves quality of life and improves population health; total population served and level of exposure or access including the amount or density of nearby population or employment.

Coordinated Efforts: Project supports a community’s Complete Streets policy, is on a designated state or national bicycle trail, or is part of a statewide initiative, provides connectivity among other facilities or regions of activity, adds to or enhances existing network; completes planned corridors, fills gaps; is paired with other infrastructure work; part of an economic development or community improvement initiative.

Constructability: Technical merit including feasibility, meeting design standards, realistic scope/schedule/budget and project readiness.

Maintenance Factors: Evidence of a strong maintenance plan that includes tasks, schedule, costs, source of maintenance funding, and responsible parties.

Previous Transportation Enhancement (TE) and TAP Funding: Number and scale of previously awarded projects; Timely implementation and appropriate maintenance on previous projects.

Regulatory Requirements

The applicant must certify it complies or will comply with:

- All federally mandated requirements (such as FHWA, environmental, civil rights, debarment and fiscal management standards)
- All mandatory codes and technical standards apply to the project, such as USDOT, AASHTO and SCDOT
- Any other standards that may apply to the project to include state and federal procurement procedures

Applicants Must Demonstrate

- That the project is financially feasible
- That the applicant is capable of providing the required matching funds, completing the project and planning for its ongoing maintenance of required items; generally, SCDOT accepts responsibility for normal maintenance of standard transportation materials, structures and workmanship within SCDOT right of way according to common local practices.
- That the applicant will secure an approved encroachment permit outlining any desired extraordinary maintenance effort on SCDOT right of way that would include any special features or non-standard department materials that may have been incorporated into the project.
- That the applicant will arrange for payment of any taxes due on the property and adopt necessary ordinances or legal proceedings needed to implement, protect and maintain the project.

Project Administration

Because TAP is a reimbursement program, applicants performing the project administration as a Local Public Agency (LPA) should be prepared to pay for the project's completion. However, a successful applicant may submit invoices for reimbursement as work is completed. Any work (advertising, design or construction) started or completed before the applicant receives an executed contract with a Notice To Proceed from SCDOT shall not be reimbursed with federal-aid funds and will not count towards the program matching fund requirements.

LPAs may request to manage the project provided the following minimum conditions are met:

- The LPA must be adequately staffed and suitably equipped to undertake and satisfactorily complete the project.
- The LPA must provide a full-time employee to be in responsible charge of the project.
- The LPA must be approved by SCDOT according to departmental policies and FHWA guidelines.
- All applicable federal and state requirements shall be completed and documented.

If an LPA desires to manage a project, the LPA must make a written request to SCDOT to manage an identified project or phases of a project. Further information regarding this process is located at <http://www.scdot.org/doing/localPublicAdmin.aspx>.

If no request is received or SCDOT determines the LPA is not qualified to manage, SCDOT may manage the project through the project development process or applicable standard and published guidelines. The LPA will be responsible for providing the matching funds at the time the initial project development stage begins.

PROJECT CATEGORY:

Please choose 1 or more of the categories below.

- Provisions for bicycle facilities
- Provisions for pedestrian facilities
- Provisions for converting abandoned railroad corridors to trails for non-motorized transportation
- Community improvement activities
- Recreation Trails Program
- Boulevard Planning and Construction

***Please see 23 U.S.C. 133(h)(3) for more details**

I. ELIGIBILITY DEMONSTRATION (Length 1/2 – 1 page)

Please explain, in a brief executive summary, what the project consists of and how it relates to project category you selected. The summary **must** address whether the project meets the requirements outlined within the FAST Act **and** whether it conforms to the Americans with Disabilities Act (or any other state/federal laws concerning accessibility)

II. PROJECT DESCRIPTION AND ADMINISTRATION (Length 1 to 2 pages)

Please expand and explain the project in more detail. Describe all of the work needed to complete the proposed project (e.g. design, engineering construction). Please explain whether the applicant intends to perform the administration and management functions of the project as a SCDOT approved Local Public Agency (LPA), to contract with a SCDOT approved LPA, or if the applicant intends for SCDOT to manage the project. Please specify if the jurisdiction is not currently an LPA and identify who will be managing the project.

III. PROJECT COSTS (Length 1 to 2 pages)

Itemize all anticipated and estimated project elements and costs. Please list items, detail descriptions, quantities, unit prices, amounts, etc for the project. Ensure costs shown are accurate and sufficient to satisfactorily complete all work anticipated in accordance with federal requirements. Please address whether the project is currently in the CHATS Transportation Improvement Program (TIP) with previously committed funding. If yes, please provide the project name and provide the funding amounts within the TIP. All budget item costs for project administration and management to adequately accomplish the work must be included. These expenses are to include engineering, inspection, and testing in accordance with state and federal requirements. Please specify the methodology used to derive the estimated costs (internal staff, consultant, etc.) as well. **Application estimates MUST include a 10% contingency fee for the project.**

After listing and describing all project costs above, please itemize total and local match support in a similar format to this below:

LINE 1 – Total project cost	\$ _____
LINE 2 – Federal Funds requested by applicant (80% of line 1)	\$ _____
LINE 3 – Local Match (Must be at least 20% of Line 1)	\$ _____

Local Match Source and Amount (Be Specific)

A - _____	\$ _____
B - _____	\$ _____
C - _____	\$ _____
D - _____	\$ _____
E - _____	\$ _____

IV. LOCAL SUPPORT (Length 1/2-1 page)

Describe local support for the proposed project and identify any opportunities for public participation. Attach documentation of support, including letters from donors or sponsors committing a non-federal share of project costs, commitment or support from sponsors, local government officials and regional organizations in **Appendix A**.

V. PROPERTY OWNERSHIP (Length 1/2-1 page)

Identify ownership of ALL property involved in the project. If additional property must be acquired to complete the project, identify ownership and value of property and whether the land must be purchased or will be donated.

For all projects on SCDOT rights of way, include with your application either a copy of the approved SCDOT Encroachment Permit, a letter from your SCDOT County Maintenance Office, or a letter from the appropriate SCDOT District Office indicating your project appears feasible in concept with specific details to be worked out in an Encroachment Permit. Please include all associated permits or letters as **Appendix B**.

VI. PROJECT MAINTENANCE & MANAGEMENT PLANS (Length 1 page)

Describe maintenance and management details for the project, including the expected yearly expenses and the source of funds to support maintenance and management activities post construction. Provide details for how long-term maintenance of the project will be administered.

VII. STATUS CURRENT TRANSPORTATION ALTERNATIVE PROJECTS (Length 1 page)

Please list the current active Transportation Alternative projects that exist in your jurisdiction. List the people who are in charge and all of their contact information. What is the status of each project? Is each project fully funded? Please provide a current schedule showing the status and expected completion dates in **Appendix C**.

VIII. ENVIRONMENT ASSESSMENT (Length 1 page)

Please describe any environmental impacts that may be within the scope of the project. Attach any previously prepared environmental documentation to this application in **Appendix D**. If no previously approved environmental documentation is available, the applicant must complete necessary studies if any, and have them approved prior to project implementation. This requirement does not apply if the application is for planning or feasibility studies. Otherwise, please answer yes or no to the questions below regarding project impact and append as **Appendix D**.

Does the project:

Displace any residences or businesses?

Disrupt any neighborhoods?

Impact any recreational or agricultural lands?

Impact historical or archaeological sites?

Impact any wetlands, streams/lakes, floodplains?

Belong within a coastal zone?

Affect any endangered species?

Affect air or water quality?

Produce any noise pollution?

Create or affect any hazardous waste sites?

Any county, state, and/or federal permits required will have to be secured prior to contract signing. These may include Army Corps of Engineers, Office of Coastal Resource Management, Coast Guard, Federal Energy Regulatory Commission, County Sediment and Erosion Control and Stormwater Management Ordinance, or State Budget and Control Board.

IX. MAPS, PLANS, & PHOTOGRAPHS (Length 4 pages)

Please attach any maps, photographs, or site plans of the project area.

X. CERTIFICATION

Please include a certification page that has the following information.

The undersigned has authority to sign on behalf of the applicant and certifies that the applicant has legal authority to enter into contract to implement this project and that all information provided is complete and accurate to their best knowledge.

From: Jeff Jackson/ Lowcountry Roots

Re: Removal of Invasive Species from the Accreted Land

Lowcountry Roots proposes to treat and/or remove invasive species during the fall of 2016 and early spring of 2017 from the nearly 200 acres of accreted land fronting the island. Three different treatments can be provided, each having its own timing and materials. These are as follows;

Tallow treatment, primarily of mature seed-bearing trees in the seasonal wetlands. Methods used will be hack and squirt on the larger specimens, stump application on the larger saplings, and spray on the seedlings. Chemical used will be Habitat Aquatic Herbicide (27.77% Isopropylamine Salt of Imazapyr) as per the label instructions. Time – approximately 120 man hours. Window – now until mid December.

Cost - \$3600.00 labor, \$600.00 chemical and tools

Misc. Removal, via chemical and physical removal. Target plants would include tallow, privet, china berry, lantana, eleagnus. Methods would be hack and squirt, stump treatments, spray treatments, and physical removal. Chemical used would be Round-Up Superconcentrate (50.2% Glyphosate) as per label instructions. Time – approximately 60 man hours. Window – now through Spring. Note – this portion of the work could also involve trained and supervised volunteers.

Cost - \$1800.00 labor, \$300.00 Chemical and tools

Wisteria treatment – The area of Chinese wisteria on Station 16 is approximately 175 feet by 240 feet, or nearly 1 acre in size. It presents a challenge due to the fact that the old granite boulder/rip rap seawall bisects the area. The Town is proposing using a gyro-trac on the portions not involving the rip rap. The area breaks down as such: 25% facing Battery Logan without rip rap, 32% involves rip rap, and the final 43% without rip rap between the seawall and the forest. This means that this portion of the work is 3 phase: Gyro-traking the 2 areas that don't have protruding stone, hand-cutting the wisteria to the ground in the area with stone, and then spraying in the spring after new growth has emerged.

Gyro-traking – Contracted by town, window now(best) through winter.

Hand Pruning – Approximately 80 man hours, window now through spring.

Cost – Labor \$3200.00

Spraying – Chemical used is Transline (40.9% Clopyralid) as per label instructions. One initial spraying and 2 follow-up sprayings 2-4 weeks apart. Time – approximately 80 man hours. Window – early-mid spring, after emergence of foliage.

Costs – Labor \$3200.00, Chemical and tools \$600.00

Work could begin immediately and continue through the Spring.

Sullivan's Island Elementary School receives National Healthy Schools Bronze Award

*"Dedication and commitment to creating a healthy environment that supports the
development of lifelong healthy habits"*

Sullivan's Island, SC— The Healthy Schools Program and the Alliance for Healthier Generation founded by The American Heart Association and the Clinton Foundation has recognized Sullivan's Island Elementary School for creating a healthy school environment and has awarded the school with the Bronze Award. The HealthierUS School Challenge: Smarter Lunchrooms (HUSSC: SL) is a voluntary certification initiative recognizing schools enrolled in Team Nutrition that have created healthier school environments through promotion of nutrition and physical activity.

To date, HUSSC: SL awards have been given to schools in 50 states and the District of Columbia. As of August 31, 2016, there are 4,661 schools certified (3,234 Bronze, 908 Silver, 330 Gold, and 189 Gold Award of Distinction). Sullivan's Island Elementary is the only school in Charleston County School District to receive an award.

Sullivan's Island Elementary School faculty, staff, students and the schools Wellness Team will be recognized during SIES October 18th PTA meeting held in schools multipurpose at 2014 Mike Perkins Place, Sullivan's Island, SC at 6:00 p.m. For further information regarding this event, please contact the school at (843) 883-3118.

About the Charleston County School District

Charleston County School District (CCSD) is the second largest school system in South Carolina representing a unique blend of urban, suburban, and rural schools that span 1,000 square miles along the coast. CCSD serves more than 50,000 students in 86 schools and several specialized programs. With approximately 6,100 employees district-wide, CCSD is the fourth largest employer in the region.

CCSD offers a diverse, expanding portfolio of options and specialized programs, delivered through neighborhood, charter, magnet, IB (international baccalaureate), and Montessori schools, and is divided into three Learning Communities led by associate superintendents. Options include specialized programs in science, engineering and mathematics; liberal arts; music and other creative and performing arts; career and technical preparation programs; and military and other public service enterprises.

Hey Pat. Now that the storm has passed the committee is hoping to get your go ahead to include the Town Hall in Art on the Beach on Nov. 13. If you're ready to proceed I'll let them know to send some folks over to work out the details regarding artists placement and which spaces to include and exclude. Please let me know how this stands. Thanks.

Subject: FW: Hurricane Matthew - Resident Email #10 10-09-16

Good afternoon Island residents,

I am pleased to bring a positive status update (and one without ominous news!!) on the condition of the Island in the aftermath of Hurricane Matthew.

1. Damage assessment and recovery

- a) Town staff was out early Saturday morning (actually out during the storm) clearing the roadway and stormwater inlets.
- b) The Island never lost power during the entire storm event. Staff did not locate any down distribution lines during the event. Several down service lines were identified and SCE&G has been notified.

IN THE EVENT YOU SHOULD SEE A DOWNED LINE – TREAT IT AS AN ENERGIZED LINE AND STAY AWAY. CALL THE TOWN FOR HELP.

- c) In general there was no major damage to residential or Town structures. The Town has completed its windshield damage assessment for FEMA as of noon today and will be reporting those numbers for the purpose of the FEMA declaration for the entire state.

During the recovery stage you are encouraged to utilize the services of **licensed and insured** contractors. Town staff will be out on the Island to verify that all who are performing work (anything from landscaping to roofing) have a Sullivan's Island business license – this is for your protection. It is a general trend for workforce labor to arrive from other parts of the country to take advantage of the disaster.

Be wary of and report price gouging when seeking services or goods. It is a crime in South Carolina to price gouge.

- d) Ocean surge only occurred in a few locations in the Town such as beach paths at Stations 9 and 10, Marshall between Stations 30 to 32 and several locations along the backside of the Island.
- e) The sand dunes did receive severe punishment from the N-NE wind, waves and rising water. The SC Department of Health and Environmental Control has issued an emergency sandbag/scraping order; therefore in the coming weeks the Town will look to scrape sand in some of the worst areas in an effort to shore up the dunes.

Residents along the front that may need to scrape sand or place bags should contact Blair Williams/SC-DHEC 843-953-0232.

- f) No damage was identified to South Carolina Department of Transportation paved roads. However, several areas of the SCDOT stormwater infrastructure still hold water. The flooded areas have been reported to the department. The Town anticipates that the water in these areas will slowly recede in the coming days. **PLEASE DO NOT LET YOUR CHILDREN PLAY IN STANDING WATER. THERE MAY BE UNSEEN HAZARDS, BACTERIA OR CHEMICALS IN THE WATER THAT WILL CAUSE HARM OR ILLNESS.**
- g) The Town water distribution system is fully operational. Tap water is potable.
- h) The Town waste water treatment plant and collection system is fully operational.
- i) The Town has not received any information regarding FEMA assistance for residents. More to follow when available; however, should you feel you have a FEMA claim please email me so that you can receive claim information.

2. Town Operations

- a) The Town has deactivated its Municipal Emergency Operations Center as of Noon Sunday 10-09-16 and restored communications to the Town Hall trailers. Town Hall will open for normal business operations Monday 10-10-16 at 8am. The Town and Charleston County will be at OPCON 5 at 8am Monday resuming normal operations.
- b) Charleston County is coordinating debris removal efforts through its prearranged contracts. Dates for collections on Sullivan's Island have not been established as of this hour but will be communicated when announced.

As you begin to remove your storm debris kindly follow these guidelines:

- Do not place the debris in the roadway
- Do not place the debris on or near a fire hydrant
- Do not place the debris over a water meter
- Do not place hazardous material or chemicals in the debris pile
- Do not obstruct a field of view near intersections
- Do not place the debris in an open ditch

- c) If you have not already done so please note the various communication platforms used the Town:
 - Nixle (emergency alerts) – subscribe at the Town website www.sullivanisland-sc.com
 - Twitter – follow the Town of Sullivan’s Island at @townofsi
 - Town E-newsletter – subscribe at Town website www.sullivanisland-sc.com
 - Andy Benke email tree – notify Andy Benke at abenke@sullivanisland-sc.com to be added to the email tree
 - In times of disaster follow information at www.charlestoncounty.org and www.scemd.org
- d) Because staff is still in recovery mode in the aftermath of Hurricane Matthew, the Town Council Workshop scheduled for Monday 10-10-16 6pm has been cancelled. The next meeting of Town Council will be held on Tuesday 10-18-16 at 6pm in the Town Hall.
- e) Household garbage collection resumes Tuesday 10-11-16. Please have your trashcans street-side by 6:30am.

3. General Observations

- a) Special note of appreciation for the Town staff that worked hard through this ordeal: Sullivan’s Island Police Department, Sullivan’s Island Fire Department, Sullivan’s Island Water and Sewer Department and everyone in Town Hall. Special recognition to the Sullivan’s Island Volunteer Fire and Rescue members who placed themselves in harms way and gave their own time to protect and restore the Town from the hurricane.
- b) The Town emergency plan worked very well and as planned. Staff and volunteers were fully engaged pre, during and post event. The Island was prepared for Hurricane Matthew. A bump to the west and Sullivan’s Island could have been severely impacted by the storm.

Take this opportunity to revise or craft your emergency plan for whenever the next event may occur.

- c) Governor Haley and staff at South Carolina Emergency Management Division made a good call to order evacuation. Mayor O’Neil’s proclamation of a state of emergency on the Island enabled Police and Fire personnel to protect the Island as necessary.
- d) Charleston County Emergency Management Department and their disaster plan communicated well with the local municipalities, public service districts and emergency agencies during the storm.

- e) South Carolina Electric and Gas Company efforts prior to and during the storm helped keep the Town on the grid during the event.

Apologies for the long message this evening. However, there is much to report and be thankful for tonight. It will take a little while to restore Sullivan's Island to pre-hurricane conditions but with persistence it will happen. Messages that follow up will be mostly related to debris pick up and restoration efforts.

Regards,
Andy

**SULLIVAN'S ISLAND POLICE DEPARTMENT
MONTHLY REPORT SUMMARY
SEPTEMBER 2016**

09/01 – A vehicle was stopped by an officer. While conducting the stop, it was learned that the driver was in possession of a small amount of marijuana. The subject was cited and released.

09/02 – A complainant reported that someone removed hardware from the mast of his sailboat while it was left on the beach.

09/02 – While walking on the beach, the complainant was bitten on the leg by a dog. The complainant gave a description of the dog but no information on the dog owner.

09/04 – An officer observed a male and female walking the street. The male had an open bottle of beer, when confronted the two admitted that they were underage and during the discussion the male left the area running. The male was later located and arrested and lodged in the county jail, the female was released to her parents.

09/04 – A complainant wished to file a report of a large shark swimming near the shore of the beach. The shark was gone on the arrival of the officer.

09/05 – Officer received a complaint of a vehicle whose car alarm was going off. The alarm had been going off and on for several days. The officer tried to contact the owner but when was unable to the vehicle was towed.

09/07 – A complainant reported that on 09/04 while dining at a local restaurant someone stole his bicycle that he had left outside.

09/13 – A vehicle was stopped for speeding. During the stop, it was learned that driver had been drinking. After further investigation, the driver was arrested, processed and lodged in the county jail.

09/14 – A complainant reported that he was missing two blowers from the back of his truck after completing a job at a residence.

09/16 – A complainant reported that his vehicle window was broken by a thrown rock from a weed eater that was being operated nearby. The owner of the weed eater agreed to pay for the window.

09/17 – A complainant requested the assistance in trying to locate a suicidal subject who was thought to be on Sullivan's Island. While assisting, it was learned that the subject was on the Isle of Palms where she was located and assisted.

09/17 – A vehicle was stopped for speeding. While conducting the stop it was determined that the driver should not be driving. A cab was called and the vehicle was towed.

**SULLIVAN'S ISLAND POLICE DEPARTMENT
MONTHLY REPORT SUMMARY
SEPTEMBER 2016**

09/21 – While investigating a traffic accident it was learned that one of the occupants had an outstanding warrant from North Charleston. The warrant was confirmed and the subject was detained and turned over to the North Charleston Police Department.

09/21 – While on patrol, an officer observed a vehicle in the Breach Inlet parking lot and observed a subject sitting inside. After several passes, the subject had not moved so the officer stopped to check on him. As the officer approached the subject, he observed the subject holding a shotgun by the barrel pointing at his chest with one hand and a liquor bottle in the other. The subject was controlled and the scene secured and medical assistance was summoned to the scene. The subject was then transported to the hospital for treatment.

09/21 – A complaint reported that she was receiving threatening messages on her phone. The messages seemed to be stemming from a roommate disturbance. A follow up will occur.

09/25 – A complainant reported that he observed a vehicle fail to stop at two stop signs and strike a beach boardwalk. On officer's arrival, the driver and the vehicle were gone and a search of the area produced negative.

09/27 – A vehicle was stopped for a traffic violation. While conducting the stop, it was learned that the vehicle was not registered or insured properly. The driver was cited and released, the vehicle was towed.

09/29 – A complainant reported that she received a phone call from a subject. He stated he was her nephew and was in some legal trouble and needed some money. After she sent the money she realized he was not in trouble and she had been scammed.

09/29 – Officers responded to an assault in progress. On arrival, it was learned that the female subject had struck the male party in the face. The female was arrested and lodged in the county jail and the male was transported to the hospital.

IV. Matters for Action by Council

MOTION to approve revision of appeals policy and procedure for W&S bills, *Ordinance 20-12 Contracting party responsible for water beyond meter* by striking first numbered paragraph amended 4/12/2016.

MOTION to approve adoption of Residential Equivalency Unit rate structure to be implemented January 1, 2017.

V. New Matters Presented to Council

The next W&S Committee meeting is scheduled for Thursday, October 27, 8:30 AM

VI. Pending Items

1. Poe Park Playground project – awaiting more detailed survey
2. Phase II of I&I reduction project – on hold
3. CWS contract revisions – in progress
4. Poe Ave / Hennessey sewer line improvements – on hold

Sec. 20-12. Contracting party responsible for water beyond meter.

The Town's contract for water service provides for service of water at the point where the property owner's line is attached to the Town's meter.

Since the operation and condition of the property owners' water lines on private property are beyond the observation and control of the Town, the Town Council shall not be responsible for water used, lost or wasted after passing through the meter, nor will the Town assume the responsibility for billing or collecting from tenants who have not made the required deposit or signed a water contract with the Town. (11-2-69, S12)

Since the Town is purchasing its water from an outside source, the Town of Sullivan's Island shall not be required to make any adjustments to a bill when the water bill and/or sewer bill has been substantially increased due to any excessive water used by the contract owner/property owner when the water has passed through the meter and was subsequently lost or wasted.

The Town, in its sole discretion, may adjust the sewer bill but not the water bill by charging the customer the average monthly sewer bill charge of the previous six (6) months on the account provided the customer can satisfactorily prove to the Town personnel that (1) there was an undetected leak and (2) said excessive water usage did not enter a sanitary sewer and (3) that a reasonable inspection of property would not have discovered said leak

Additionally, an adjustment in the sewer bill will only be made once every three (3) years for a customer and such adjustment would only cover two (2) consecutive months.

No adjustments in the water and/or sewer bill will be made for any leaks in any irrigation system or pool systems. (3-19-96)(8-20-02)

~~1. Any individual, corporation, customer, contractor, or other entity may appeal any decision of the Sullivan's Island Water and Sewer Department staff or management to the Sullivan's Island Water and Sewer Committee. In addition, any of the Water and Sewer Department's policies or procedures or application of such policies or procedures may also be appealed to the Sullivan's Island Water and Sewer Committee. Any and all such appeals must be directed, in writing, to the Committee Chair with a copy issued to the Committee Members. The Chairman, upon receipt of the written request, will set the matter to be appealed to the Water and Sewer Committee meeting for consideration. The person(s) making the appeal will be given the opportunity to appear before the Water and Sewer Committee to present their appeal. Decisions of the Water and Sewer Committee on all appeals are the final decision of the Town of Sullivan's Island. (4/12/11)~~

WATER AND SEWER COMMITTEE MINUTES
Thursday, September 29, 2016, 8:30 AM
Water & Sewer Department Office

1. Call to Order & Freedom of Information Requirements

The Freedom of Information Requirements having been met, the meeting was called to order at 8:33 AM. Those present were Committee Members Mark Howard, Bachman Smith and Susan Middaugh (Chair), Staff Members Greg Gress and Jason Blanton and Consultant Frank Davis from RFC (Raftelis Financial Consultants Inc)

2. Rate Study Report from Raftelis Consultant

Frank Davis presented the *Draft Report / September 28, 2016: Water and Wastewater Rate and Financial Planning Update*. The advantages of changing the rate structure to REUs was discussed in detail. The recommended date for making this change is January, 2017, to coincide with business license renewals. Frank Davis will present the report to Council at the October 18, 2016, Town Council meeting.

MOTION: to recommend to Council to adopt a Residential Equivalency Unit rate structure to be implemented January 1, 2017. Motion made by Bachman Smith, second by Mark Howard, passed unanimously 3/3.

3. Revision of Appeals Policy and Procedures

On 4/12/2011, *Ordinance 20-12 Contracting party responsible for water beyond meter* was amended to provide an appeal of a Water & Sewer bill directly to the W&S Committee. Prior to that time, this was entirely a staff decision: residents appealed to the W&S Manager, the facts were investigated and adjustments were made as warranted. The 4/12/11 amendment provided a second stage of appeal - to the W&S committee. This led to unintended consequences. Residents now routinely appeal to the W&S Committee and the W&S Committee routinely upholds the original staff decision because staff does an excellent job of investigating appeals and making appropriate adjustments. This secondary appeal process consumes an inordinate amount of Committee time and is also frustrating to residents.

MOTION: to recommend to Council to amend Ordinance 20-12 by striking the first numbered paragraph amended 4/12/11. Motion made by Bachman Smith, second by Mark Howard, passed unanimously 3/3.

4. I & I Reduction Program Phase II & Poe Avenue sewer line replacement

On hold pending clarification of funding for this project.

5. Communications / Additional Items from WWTF Manager, Greg Gress

- a. Water Utility fence is out for bid with pricing requested for two options, the bi-color stain option and an unstained cypress option. Mark Howard presented a

landscape plan for the Middle St. fence line. The DOT ROW location will be a factor in landscaping.

- b. Poe Park survey. The survey was received and indicates that the Town Property Line / DOT ROW is essentially the determining factor in the location of new park equipment. The Town property line is 5 ft. from the Town water pipeline and 10 ft from the DOT stormwater pipeline – both located in the DOT ROW. This means that equipment that is located on the Town lot will automatically be no closer than 5 ft. from these underground pipelines. The survey did not include complete measurements for the Town property lines; that is, the distances from sidewalk, road and tennis courts, and also did not include the two lateral water lines to homes across Poe Ave. Greg Gress will request a more complete survey so that the dimensions of the space that is available for park equipment will be clear and measurable from site features.

6. Next W&S Committee meeting is scheduled for 8:30 AM on October 27, 2016

7. The meeting adjourned at 10:18 AM on a motion by Bachman Smith, second by Mark Howard, passed unanimously 3/3.

Pending Items (to be considered in future meetings)

- a. CWS contract revisions – in progress
- b. Development of a Cost Recovery Program
- c. W&S billing software replacement - in progress
- d. Private Sewer Lateral I&I Reduction Policy
- e. ASR: Aquifer Storage and Recovery
- f. Pre-Disaster Mitigation Grant for submersible pumps

Within 24 hours of learning of a total coliform-positive (TC+) sample result, REPEAT samples must be collected and analyzed for total coliforms:

- One REPEAT sample must be collected from the same tap as the TC+ sample.
- One REPEAT sample must be collected within five service connections upstream of the TC+ sample.
- One REPEAT sample must be collected within five service connections downstream of the TC+ sample.
- If the system is served by Ground water then a Triggered Source sample must be collected prior to treatment from each source in use at the time the total coliform-positive sample was collected. The number of samples taken PER WELL must equal the number of positive TCR samples. If you collected three TC+ samples, then three well samples must be taken at EACH WELL that was in service at the time.
- The triggered source water sample must be analyzed for the presence of *E.coli*.
- If any triggered source water sample is *E.coli*-positive, the Ground Water system (GWS) must either take corrective action, as directed by the state, or the GWS must take 5 additional source water samples within 24 hours.
- If the GW system Purchases some or all of the water they must notify the wholesale system (s) within 24 hours.

If any REPEAT sample is TC+:

- The system must analyze that total coliform-positive culture for *E.coli*.
- The system must collect another set of REPEAT samples, as before, unless the *E.coli* MCL has been violated or an assessment has been triggered.

For a system on quarterly monitoring, a TC+ result requires a minimum of three ROUTINE samples be collected the following month.

CALL SCDHEC on the same day you learned of the *E. coli*-positive (EC+) result, or by the end of the next business day if the result came in after business hours

Please submit a copy of your laboratory's chain of custody along with this form.
