VI. Upon returning to open session, Council may take action on matters discussed in Executive Session.

VII. Adjourn

October 18, 2016

The regular meeting of Town Council was held on the above date at 6:00 p.m., all requirements of the Freedom of Information Act having been satisfied.

Present were: Patrick M. O'Neil, Mayor
Sarah Church, Councilmember
Mark Howard, Councilmember
Rita Langley, Councilmember
Susan Middaugh, Councilmember
Bachman Smith, IV, Councilmember

Mayor O'Neil called the meeting to order at 6:01 p.m. and stated the press and public had been notified in accordance with State Law. There were two members in the audience, and two members of the media. Mayor O'Neil led the Pledge of Allegiance, followed by the invocation by Councilmember Howard.

I. Presentation: Raftelis Consulting

Frank Davis with Raftelis Consulting presented the rate study recommendations to change Residential Equivalent Unit (REU) rate structure. This would replace current meter size base charge structure. It more appropriately recovers fixed costs from multi-unit properties and higher use commercial customers. The REU is estimated to provide additional revenue (annualized) of \$44K water and \$29K wastewater. The majority of customers (single-family residential) would have no impact. Implementing the REU approach would provide increased revenue, enhance customer equity and improve revenue and rate stability. No water rate increases are anticipated during the five-year planning period. Annual 5% wastewater rate increases needed to meet capital expenditure. Desired implementation date is January 1, 2017. This will be discussed more at the November Workshop Meeting.

II. Presentation: Charleston Running Club

Kat Wirtz with the Charleston Running Club presented a check for the proceeds from this year's 25th Annual Floppin Flounder to the Sullivan's Island Fire and Rescue Squad. The Charleston Running Club split the proceeds from the race 50/50, with \$2,500 going to the Sullivan's Island Volunteer Fire Department. The Charleston Running Club uses their portion of the proceeds to help benefit local programs such as Louie's Kids, youth groups, and cleaning up the Ben Sawyer bridge and sidewalks.

III. FORMAT: Mayor O'Neil opened the floor for public comment. There were no public comments.

IV. COUNCIL ACTION ITEMS:

1. Approval of Council Minutes –

Motion was made by Councilmember Howard, seconded by Councilmember Langley, to approve the Regular Council Meeting Minutes of September 20, 2016, and also the Special Council Meeting Minutes of October 5, 2016, carried unanimously.

2. Motion was made by Councilmember Middaugh, seconded by Councilmember Smith, to have First Reading, by Title Only, Ordinance No. 2016-07, An Ordinance to Amend Chapter 20: Water Supply Section 20-12, Contracting Party Responsible for Water Beyond Meter, carried unanimously.

V. REPORTS AND COMMUNICATION:

1. Administrator's Report

General and New Correspondence –

- Sarah Harper Diaz, Bird Banding Project- Bird banding totals through Fall 2016.
- Kristin Fields- Note of appreciation of assistance provided to daughter Emma Fields on September 21, 2016 by First Responders.
- Ron Mitchum, Executive Director BCD-COG- Transportation Enhancement Project Proposals: Notice of an 80/20 grant application with deadline of November 7, 2016.
- Jeff Jackson, Lowcountry Roots- Proposal for Fall 2016 invasive removal project.
- Sullivan's Island Elementary School- Press release identifying SIES receipt of recognition and Bronze Award for National Healthy Schools.

Town Hall and Police Station Building- Contractor work schedule precipitated a change to October 31, 2016 for occupancy. Remaining exterior activity includes hardscape, parking/paving and shutters. Interior work is focused on punch list items and furniture installation. Tentative telephone and I.T. service is set to cut over on October 29, 2016. Pay application fifteen in the amount of \$240,861.19 has been issued to the contractor. The total project with change orders is currently \$4,144,839.73. After pay application fifteen, balance to finish including retainage is \$398,957.69.

Parking Plan –The South Carolina Department of Transportation has approved the proposed parking plan and encroachment permit. The contractor has signed the contract and been given the notice to proceed. Materials have been ordered; construction is set for late October/early November with enforcement starting the first of the new year.

FEMA Hazard Mitigation Grant- The two phase grant application for stormwater infrastructure mapping and improvement was submitted on September 2, 2016. The total grant amount is \$1,460,622.20 with Phase I at \$74,459.51 and Phase II at \$1,386,162.69.

Charleston County Stormwater Infrastructure Work- Charleston County Public Works will receive FEMA funds to clean stormwater infrastructure based on the October 2015 rainfall event. Crews will be cleaning piped collection infrastructure in late September/early October on Sullivan's Island, Isle of Palms and Folly Beach.

2. Mayor's Report- Mayor O'Neil took a moment to thank all of the Town staff, along with the Fire Department, Police Department, Maintenance Department and Water & Sewer Department for all of the hard work during Hurricane Matthew.

3. Attorney's Report – No items to report.

4. Boards and Commissions Reports – Planning Commission has considered two potential text amendments to the Zoning Ordinance relating to the Historic Design Review process. The items include a text change to a title in the Ordinance; and adding standards for elevating a Historic structure. Both of these items have been approved during the September 14, 2016 Planning Commission Meeting and recommends to Town Council they proceed with the official Text Amendment process.

VI. COMMITTEE REPORTS- DISCUSSION ITEMS:

Finance Committee – Mayor O'Neil. Monthly report rendered. Comptroller Blanton presented the August Financial Report and explained the millage rate of 39.3 for the current fiscal year. At the end of September, the services of the Isle of Palms Dispatch will no longer be used, with cost savings of \$3,600/month. The Station 26 boat landing was completed in September, costing approximately \$32,500; and was budgeted for \$50K. Comptroller Blanton explained that the Town is in the process of purchasing a new accounting, utility billing and building software vendor. The final decision will be made during the November Council Meeting.

Recreation Committee – Councilmember Church.

Battery Gadsden Cultural Center – On October 19, 2016 from 6-7 p.m. Captain Chris Downey will be speaking at the Fort Moultrie Visitors Center Auditorium about Sullivan's Island and the Pirates of Charleston. On November 17, 2016 from 6-7, the Honorable Joseph Riley, Jr. will be speaking about his remarkable Lowcountry life and close ties to Sullivan's Island at Sunrise Presbyterian Church.

Committee Meeting- A Recreation Committee Meeting will be held on October 26, 2016 at 9 a.m. to discuss several items including: Island Club RFP, Farmers Market, and Stith Park.

Public Facilities Committee – Councilmember Smith. Monthly report rendered.

Station 26 Boat Landing- Bollard installation was completed on September 8, 2016. The road is now open.

Land Use and Natural Resources Committee – Councilmember Langley. Monthly report rendered.

Committee Meeting- There will be a Land Use and Natural Resources Committee Meeting in November. The date is to be determined.

Administration Committee – Councilmember Howard. Monthly report rendered.

Water and Sewer Committee – Councilmember Middaugh. Monthly reports rendered.

Committee Meeting – The next Water & Sewer Committee Meeting will be held on Thursday, October 27, 2016 at 8:30 a.m.

Water and Sewer Committee Minutes- **Motion was made by Councilmember Smith, seconded by Councilmember Howard, to approve the Water and Sewer Committee Minutes from September 29, 2016, carried unanimously among Water and Sewer Committee members.**

New Fence for Water Utility Site at Station 17 and Middle St.- Councilmember Middaugh showed Council photos and ideas for the new fence design. Council authorized Greg Gress to proceed with the bid process for this.

Public Safety Committee – Councilmember Clark. Monthly reports rendered.

VII. EXECUTIVE SESSION:

Motion was made by Councilmember Church, seconded by Councilmember Howard, to go into Executive Session at 7:46 p.m. to discuss:

Motion was made by Councilmember Howard, seconded by Councilmember Langley, to come out of Executive Session at 8:18 p.m., carried unanimously. Mayor O'Neil stated that no votes or actions were taken during Executive Session.

VIII. ADJOURN

Motion was made by Councilmember Middaugh, seconded by Councilmember Howard, to adjourn at 8:19 p.m., carried unanimously.

Respectfully submitted,

Courtney Liles

DRAFT

ORDINANCE 2016-07

AN ORDINANCE TO AMEND CHAPTER 20: WATER SUPPLY SECTION 20-12, CONTRACTING PARTY RESPONSIBLE FOR WATER BEYOND METER

WHEREAS, The Town of Sullivan's Island (Town) operates a municipal water distribution system, and,

WHEREAS, The Town has codified ordinances pertaining to the management of the municipal water distribution system; and,

WHEREAS, The Town operates the municipal water distribution system through user rates and fees established by a Resolution of Town Council; and,

WHEREAS, It will be necessary from time to time to amend the ordinance in order to maintain cost efficient and effective operation of the system;

NOW, THEREFORE BE IT ORDAINED by the Mayor and Town Council of the Town of Sullivan's Island in Council assembled, that Section 20 of the Code of Ordinances shall be amended with the following language to read specifically as follows:

Sec. 20-12. Contracting party responsible for water beyond meter.

The Town's contract for water service provides for service of water at the point where the property owner's line is attached to the Town's meter.

Since the operation and condition of the property owners' water lines on private property are beyond the observation and control of the Town, the Town Council shall not be responsible for water used, lost or wasted after passing through the meter, nor will the Town assume the responsibility for billing or collecting from tenants who have not made the required deposit or signed a water contract with the Town. (11-2-69, S12)

Since the Town is purchasing its water from an outside source, the Town of Sullivan's Island shall not be required to make any adjustments to a bill when the water bill and/or sewer bill has been substantially increased due to any excessive water used by the contract owner/property owner when the water has passed through the meter and was subsequently lost or wasted.

The Town, in its sole discretion, may adjust the sewer bill but not the water bill by charging the customer the average monthly sewer bill charge of the previous six (6) months on the account provided the customer can satisfactorily prove to the Town personnel that (1) there was an undetected leak and (2) said excessive water usage did not enter a sanitary sewer and (3) that a reasonable inspection of property would not have discovered said leak

Additionally, an adjustment in the sewer bill will only be made once every three (3) years for a customer and such adjustment would only cover two (2) consecutive months.

No adjustments in the water and/or sewer bill will be made for any leaks in any irrigation system or pool systems. (3-19-96)(8-20-02)

THIS ORDINANCE SHALL BE EFFECTIVE UPON RATIFICATION.

ORDINANCE 2016-08

AN ORDINANCE TO AMEND THE ORDINANCES OF THE TOWN OF SULLIVAN'S ISLAND, SOUTH CAROLINA, CHAPTER 14, BY AMENDING SECTION 14-34 TO READ AS FOLLOWS:

SECTION 14-34 THE LEASE OF CERTAIN REAL PROPERTY TO THE BATTERY GADSDEN CULTURAL CENTER INC., AN ELEEMOSYNARY CORPORATION.

WHEREAS, the Town of Sullivan's Island is the owner of certain real property, which is more specifically described on Exhibit A attached hereto and incorporated herein, which real property borders certain real property owned by the Town of Sullivan's Island; and,

WHEREAS, the Town of Sullivan's Island desires to continue to lease said property to the Battery Gadsden Cultural Center Inc. and finds that the lease of the property in accordance with the terms and conditions of the Lease Agreement as amended attached hereto, is in the best interest of the Town and its citizens; and,

WHEREAS, the Lease Agreement shall become effective upon ratification of this ordinance and upon signature of the Lessee;

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND TOWN COUNCIL MEETING DULY ASSEMBLED, that the Town of Sullivan's Island lease to the Battery Gadsden Cultural Center Inc., an eleemosynary corporation, all that real property herein before described in the Lease Agreement and on Exhibit A attached hereto; and,

BE IT FURTHER ORDAINED that the Town Administrator of the Town of Sullivan's Island and the Town Clerk are hereby directed and authorized to execute the said Lease Agreement.

If any part or parts of this Ordinance shall be held to be unconstitutional such unconstitutionality shall not affect the validity of the remaining parts of this Ordinance.

This Ordinance shall take effect immediately upon its ratification.

THIS ORDINANCE SHALL BE EFFECTIVE IMMEDIATELY UPON RATIFICATION.

**TOWN OF SULLIVAN’S ISLAND, SOUTH CAROLINA
PLANNING COMMISSION
REGULAR MEETING MINUTES
Wednesday, September 14, 2016**

A regular meeting was held at 6:00PM, this date, at Town Hall, 2050-B Middle Street, all requirements of the Freedom of Information Act satisfied. Present: Commissioners Gary Visser (Chair), Sydney Cook (Vice-Chair), Hal Currey, Carlsen Huey and Manda Poletti. Staff members present: Zoning Administrator Henderson, Asst. to Administrator Darrow and Building Official Robinson.

Call to Order. Chair Visser called the meeting to order, stated press and public were duly notified pursuant to state law and quorum was present (Charlie Cole and Carl Hubbard had excused absences); approximately ten (10) audience members (no media) present.

I. Approval of Agenda – Commission approved agenda with no changes

II. Approval of Minutes

MOTION: Mr. Huey moved to approve the September 14, 2016 minutes; seconded by Ms. Poletti; MOTION UNANIMOUSLY PASSED.

III. Items for Consideration

1. Historic Design Guidelines: Text amendment to modify Zoning Ordinance Section 21-97C. (5) (Criteria for Certificate of Appropriateness) by requiring compliance with the *Secretary of Interior’s Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings.*

Staff Report (Zoning Administrator Henderson)

The Land Use & Natural Resources Committee and Town Council have discussed the topic of historic design guidelines and, at the August 1, 2016 Council Workshop, asked the Commission to study design guidelines and offer recommendations to Council. This topic is continued from August 10, 2016 Planning Commission meeting.

Staff reviewed Zoning Ordinance Section 21-97 C. (5): Subsection of the Secretary of Interior’s Standards for Rehabilitation:

Currently, Section 21-97 C. (5) outlines the ten *Standards for Rehabilitation*, however, Town Council believes the Zoning Ordinance could be more clear when requiring all projects to meet SIS Guidelines. Clarifying this language could help to improve the level of staff and DRB review in the following ways:

- Ensure all projects are conducted in accordance with national preservation standards;
- Provide illustrations and diagrams to property owners, project managers, and staff to better explain the standards for historic preservation;

- Show “recommended” and “not recommended” treatments;
- Determine the level of treatment (preservation, rehabilitation, restoration, reconstruction), and prescribed method for retaining the greatest amount of historic fabric.

Staff Recommendation:

Staff recommends adding the entire title of the document entitled *Secretary of Interior’s Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings* (SIS Guidelines and begin a dialog for potential modification of §21-97 C. (5) (Criteria for Certificate of Appropriateness).

1. Review the standards online at <https://www.nps.gov/tps/standards/four-treatments/treatment-guidelines.pdf>
2. Determine how to best incorporate the guidelines into the town’s regulations
3. Make the guidelines binding to all historic design review projects (both DRB and staff level maintenance related permits)

Commission Questions to Staff:

Q. Who reviews and regulates the City of Charleston Policy Statement

A. DRB/ARB staff forwards rules from DRB/ARB to City County for review and approval

Q. How often does City of Charleston change the Policy Statement?

A. Quantity is uncertain; assumes changing Policy Statement can be as flexible

Q. Is the City of Charleston Policy Statement legally binding?

A. Yes – has been in effect for some length of time

Q. Who crafts the City of Charleston Policy Statement?

A. Charleston DRB/BAR crafts the Policy Statement, but City Council approves any changes

Public Questions to Staff:

DRB members were invited to attend this meeting and offer feedback. DRB members present include Bill Craver, Steve Herlong, Beverly Bohan and Duke Wright. Staff noted Ms. Bohan, Mr. Herlong and Mr. Craver were on a DRB study group that studied/reviewed this matter.

Bill Craver (Design Review Board):

- Where did the request for these historic guidelines derive? Is it related to a specific house that was approved by DRB?
- DRB has studied/discussed this concept and it is his understanding that the DRB rejected this concept wholeheartedly
- Requested Town not rewrite law for a specific property/problem
- Raised issue of providing a special exception for historic homes at 1200sf to build an accessory structure home on the lot. Submitted this concept was supported by the DRB

Staff Comments:

Zoning Administrator Henderson:

- Staff can and should improve efforts to connect projects before the DRB with NPS documents, such as the aforementioned Interior of Secretary Principles and Guidelines
- Recommended specifically including reference to the NPS/Secretary of Interior published guidelines in the Town’s ordinance by making the following Zoning Ordinance amendment:

Text amendment to Section 21-97 C. (5) (Criteria for Certificate of Appropriateness) by requiring compliance with the *Secretary of Interior’s Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings* (hereinafter “Secretary of Interior’s Publication”)

Commission Questions to Staff:

Q. How does DRB decide design standards?

A. DRB and Staff refer to itemized design standards in Section 21-97 C. (5) (a)-(j). These guidelines are taken directing from the aforementioned Secretary of Interior’s Publication of standards and guidelines. The Zoning Ordinance refers to only one section of the Secretary of Interior’s publication.

Public Comments/Questions:

Bill Craver, Design Review Board

- Submitted the Town intentionally included, and excluded, historic guidelines texts in the Town’s ordinance, years ago.
- Submitted it would be an incorrect to assume the non-inclusion of design guidelines was an oversight by previous Councils.
- Does not support the text amendment change concept.

Commission Comments:

Mr. Currey:

- The Town has apparently not attempted, at present, to modify the Secretary of Interior’s guidelines to fit Sullivan’s Island.
- Asked what makes Sullivan’s Island special? Submitted the Town’s historic properties are the difference between Sullivan’s Island and many other coastal communities.
- Submitted it is incredibly important to systemize the way the Town looks at historic preservation and put this approach/guideline in writing for future generations.

Zoning Administrator Henderson – reviewed Staff options:

1. Administrative Approach

Administrative change alternative Staff could make to the application process:

- Change application form and process
- Application could be required to provide a narrative of the project scope that comports with the documents and plans provided to Staff for DRB review
- Applicant would have to specifically identify how the proposed project complies with federal guidelines and standards articulated (or referenced) in the Town’s Zoning Ordinance (i.e. Secretary of Interior’s Publication of standards and guidelines)
- Staff would offer DRB a solid recommendation on whether an application complies with or violates “guidelines.”

2. Aforementioned option of developing a Policy Statement similar to City of Charleston Board of Architectural Review (BAR), developed by DRB and approved by Town Council, and formally incorporated in the DRB rules.

3. Develop stand-alone local historic guidelines

Staff recommends:

(1) Zoning Ordinance text amendment to Section 21-97 C. (5) (Criteria for Certificate of Appropriateness) by incorporating the entire title of the SIS guidelines entitled *Secretary of Interior’s Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings* (“Secretary of Interior’s Publication”)

(2) Aforementioned administrative review and Staff recommendation process

Applicants usually re-submit a revised application if denied DRB approval. Circuit court is the avenue of relief for applicants denied approval by the DRB.

Mr. Huey: Noted the Town should look at special exceptions to incentivize preservation of historic properties.

It was clarified historic guidelines refer to the exterior of historic structures, not the interior.

Ms. Poletti:

- Noted she has two historic projects with Sullivan’s Island and City of Charleston utilizing the SCHPO tax incentive program.
- Noted the process to comply with SCHPO standards for the tax incentive is tedious, but following the SCHPO procedure provides the best opportunity for true preservation of historic properties.

Zoning Administrator Henderson noted SCHPO uses the same guidelines and standards as recommended in the Secretary of Interior Publication.

Public Comments:

Mr. Herlong, DRB

- Submits there is not a need for stand-alone Island historic guidelines
- The Secretary of Interior Publication is sufficient

Eddie Fava, 2424 Myrtle Avenue

- Supports amending Section 21-97 C(5) to be consistent with the intent of the Secretary of Interior’s guidelines

MOTION: Mr. Currey moved to recommend to Council conceptual approval to consider incorporation of text amendment language to Zoning Ordinance Section 21-97 (C) 5 by incorporating the entire title of the Secretary of Interior Standards document entitled *Secretary of Interior’s Standards for the Treatment of Historic Properties: Guidelines for Preserving, Rehabilitating, Restoring and Reconstructing Historic Buildings* (“Secretary of Interior’s Publication”) in tandem with an enhanced Staff administrative review and recommendations of DRB applications for compliance with the Secretary of Interior’s standards and guidelines. Further Commission does not feel it is appropriate, at this time, to pursue developing stand-alone historic guidelines; Seconded by Ms. Cook. MOTION UNANIMOUSLY APPROVED.

2. Standards for Elevating Historic Structures: Consideration of Design Review Board recommendations relating to potential text amendment to the Zoning Ordinance to regulate elevating of historic structures.

Staff Report (Zoning Administrator Henderson)

Council directed Commission to study DRB recommendations related to elevating historic structures (**Exhibit A**).

Background:

Because Sullivan’s Island is located in the floodplain, the DRB receives regular requests to elevate historic structures to comply with FEMA regulations (to reduce flood insurance premiums). However, elevating historic structures present several problems from a preservation perspective:

- It removes the historic perspective of the home, altering the streetscape;
- It alters the historic massing and materials of the home;
- Alters landscape and other site features (vistas and views of surrounding properties);
- Alters traditional access points (addition of porches and stairs);
- May adversely affect the historic district.

To conserve the character of designated historic properties and surrounding neighborhoods, the DRB has recommended that an integrated design approach be taken when considering elevation of designated historic structures (Sullivan's Island Landmarks and Traditional Island Resources). These guidelines were derived from the *Mississippi Elevation Design Guidelines*: http://www.nj.gov/dep/hpo/hrrcn_sandy_pdf%20files/mississippi.pdf

The objective of the attached text amendment would be to require any proposed elevation or change to an existing historic structure to carefully consider existing site conditions (site elevations and topography), parcel access, type of architecture, composition and scale, and location of adjoining historic properties.

Staff Recommendation:

Staff recommends consideration and discussion of the potential text amendment and review of the *Mississippi Elevation Design Guidelines*.

Steve Herlong, DRB

- Noted that DRB study group reviewed the elevation of historic homes as part of an overall strategy for historic properties below FEMA base flood elevation.
- Noted the study group included consideration for special exceptions to build accessory structures on the properties of historic homes (remove a maximum historic home square footage restriction or relax it from 1200 sf to a larger size)
- Intention is to incentive historic home owners to not elevate historic structures but build a second/separate home structure on the lot.
- If the Town allows for elevation of historic structures, the Town should restrict how much of the existing house and/or a new addition should be elevated.
- He submitted the text amendments in Exhibit A give the DRB something specific to address with the applicant.

MOTION: Ms. Poletti recommended to Council conceptual approval for potential text amendments to the Zoning Ordinance to regulate elevating of historic structures as recommended by the Design Review Board and articulated in Exhibit A herein; seconded by Ms. Cook. MOTION UNANIMOUSLY PASSED.

Next steps (Zoning Administrator Henderson):

Planning Commission has made recommendations to Council regarding the concepts of historic guidelines and elevation of historic homes, as articulated herein. Council will likely refer this matter to the Land Use & Natural Resources Committee of Council. Council has the latitude to study these matters at Council level or refer back to Planning Commission.

It was noted that no text amendments to the Zoning Ordinance can or will be made without a properly, legally advertised public hearing held by the Planning Commission in the future.

IV. Miscellaneous

Chair Visser noted the Commission would soon begin the 10-year review of the Town's Comprehensive Plan for re-write before the end of 2018.

Town Comprehensive Plan (10 Year Update)

The Town's strategic long-range comprehensive plan is due for completed rewrite in 2017-2018. Commission briefly discussed the process and timeline:

- Chair Visser asked Commissioners to begin dialogue with residents for thoughts now
- Zoning Administrator Henderson reviewed the timeline
 - Kick-off meeting for rewrite will be Spring 2017 for adoption in 2018
 - Staff is currently assessing and identifying technical needs to support this project, and a budget, in coordination with Town Council (Land Use & Natural Resources Committee of Council)

There being no further business, the meeting adjourned at approximately 8:03PM (Mr. Huey motioned; Mr. Hubbard seconded; unanimously passed).

Respectfully submitted,
Lisa Darrow
Asst. to Administrator

Approved at the November 9, 2016 Planning Commission Meeting

September 14, 2016 Planning Commission
Exhibit A

The DRB made several modifications to the below text. Language in “red” indicates modifications by DRB study group on May 31, 2016.

Section 21-44. Elevating Historic Buildings.

A. Purpose.

To conserve the character of designated historic properties and surrounding neighborhoods, an integrated design approach shall be taken when elevating Sullivan’s Island Landmarks and Traditional Island Resources.

B. Design Guidelines.

Any proposed elevation or change to an existing historic structure shall carefully consider existing site conditions (site elevations and topography), parcel access, type of architecture, composition and scale, and location of adjoining historic properties.

- (1) Height: To minimize the height of elevating historic structures, the finished floor elevation (FFE) shall not exceed 75% of the existing height from average adjacent grade. ~~(example: 3’ existing FFE would allow 2.25’ elevation or 5.25’ from average adjacent grade) (DRB increase 6.6’ from grade)~~ the FEMA base flood elevation.
- (2) Composition and Scale: To maintain an historic building’s visual character and design compatibility with the surrounding neighborhood, an elevation design plan shall be submitted to illustrate the composition and scale of the building’s principal architectural features are being maintained and will remain proportional to the elevated foundation. ~~the elevated foundation shall not exceed 50% of the front or side porch height. (example: 9’ porch height may not exceed an elevation of 4.5’ FFE from average adjacent grade) (DRB increase 5.6’ from grade).~~
- (3) Perspective and Orientation: Any proposed elevation or relocation ~~must~~ should maintain the building’s historic perspective from the principal right-of-way. All historic architectural elements ~~visible from pedestrian perspective when standing in the right of way, pre-elevation,~~ should be maintained after elevation or relocation.

- (4) Scale Minimization and Architectural Screening: Appropriate measures should be introduced into the site design to reduce or eliminate negative visual effects from the elevation of a historic structure. These elements include fencing, landscaping (foundation plantings), stair configuration and any other site considerations ~~listed in the Louisiana and Mississippi Elevation Design Guidelines for Historic Buildings.~~ noted by the Design Review Board.

~~Design Review Board may increase by no more than 25% the maximum permitted elevation increase if this or other modifications achieve greater neighborhood compatibility as described in ARTICLE XII.~~

COUNCIL MEETING
Committee Chair: Susan Middaugh
November 15, 2016**

Committee Members: Mark Howard, Bachman Smith

Committee Charge: All matters relating to the Water and Sewer Department and Systems

I. Monthly Report from Mr. Gress

II. Matters for Discussion by Council

1. Update on Rate Study and adoption of Residential Equivalency Units for base rate charges.
2. Update on FEMA Grant to fund Phase I.
3. Update on SRF application for I&I Phase II
4. Alternative funding for Poe Ave sewer line replacement
5. Water Utility fence bid
6. Poe Park survey

III. Matters for Action by Council

1. Amendment at Second Reading of Ordinance No. 2016-07, An Ordinance to Amend Chapter 20: Water Supply Section 20-12, Contracting Party Responsible for Water Beyond Meter.

IV. New Matters Presented to Council

1. The December W&S Committee meeting: to be scheduled

Sec. 20-12. Contracting party responsible for water beyond meter.

The Town's contract for water service provides for service of water at the point where the property owner's line is attached to the Town's meter.

Since the operation and condition of the property owners' water lines on private property are beyond the observation and control of the Town, the Town Council shall not be responsible for water used, lost or wasted after passing through the meter, nor will the Town assume the responsibility for billing or collecting from tenants who have not made the required deposit or signed a water contract with the Town. (11-2-69, S12)

Since the Town is purchasing its water from an outside source, the Town of Sullivan's Island shall not be required to make any adjustments to a bill when the water bill and/or sewer bill has been substantially increased due to any excessive water used by the contract owner/property owner when the water has passed through the meter and was subsequently lost or wasted.

The Town, in its sole discretion, may adjust the sewer bill but not the water bill by charging the customer the average monthly sewer bill charge of the previous six (6) months on the account provided the customer can satisfactorily prove to the Town personnel that (1) there was an undetected leak and (2) said excessive water usage did not enter a sanitary sewer and (3) that a reasonable inspection of property would not have discovered said leak

Additionally, an adjustment in the sewer bill will only be made once every three (3) years for a customer and such adjustment would only cover two (2) consecutive months.

No adjustments in the water and/or sewer bill will be made for any leaks in any irrigation system or pool systems. (3-19-96)(8-20-02)

~~1. Any individual, corporation, customer, contractor, or other entity may appeal any decision of the Sullivan's Island Water and Sewer Department staff or management to the Sullivan's Island Water and Sewer Committee. In addition, any of the Water and Sewer Department's policies or procedures or application of such policies or procedures may also be appealed to the Sullivan's Island Water and Sewer Committee. Any and all such appeals must be directed, in writing, to the Committee Chair with a copy issued to the Committee Members. The Chairman, upon receipt of the written request, will set the matter to be appealed to the Water and Sewer Committee meeting for consideration. The person(s) making the appeal will be given the opportunity to appear before the Water and Sewer Committee to present their appeal. Decisions of the Water and Sewer Committee on all appeals are the final decision of the Town of Sullivan's Island. (4/12/11)~~

WATER AND SEWER COMMITTEE MINUTES
Thursday, September 29, 2016, 8:30 AM
Water & Sewer Department Office

1. Call to Order & Freedom of Information Requirements

The Freedom of Information Requirements having been met, the meeting was called to order at 8:33 AM. Those present were Committee Members Mark Howard, Bachman Smith and Susan Middaugh (Chair), Staff Members Greg Gress and Jason Blanton and Consultant Frank Davis from RFC (Raftelis Financial Consultants Inc)

2. Rate Study Report from Raftelis Consultant

Frank Davis presented the *Draft Report / September 28, 2016: Water and Wastewater Rate and Financial Planning Update*. The advantages of changing the rate structure to REUs was discussed in detail. The recommended date for making this change is January, 2017, to coincide with business license renewals. Frank Davis will present the report to Council at the October 18, 2016, Town Council meeting.

MOTION: to recommend to Council to adopt a Residential Equivalency Unit rate structure to be implemented January 1, 2017. Motion made by Bachman Smith, second by Mark Howard, passed unanimously 3/3.

3. Revision of Appeals Policy and Procedures

On 4/12/2011, *Ordinance 20-12 Contracting party responsible for water beyond meter* was amended to provide an appeal of a Water & Sewer bill directly to the W&S Committee. Prior to that time, this was entirely a staff decision: residents appealed to the W&S Manager, the facts were investigated and adjustments were made as warranted. The 4/12/11 amendment provided a second stage of appeal - to the W&S committee. This led to unintended consequences. Residents now routinely appeal to the W&S Committee and the W&S Committee routinely upholds the original staff decision because staff does an excellent job of investigating appeals and making appropriate adjustments. This secondary appeal process consumes an inordinate amount of Committee time and is also frustrating to residents.

MOTION: to recommend to Council to amend Ordinance 20-12 by striking the first numbered paragraph amended 4/12/11. Motion made by Bachman Smith, second by Mark Howard, passed unanimously 3/3.

4. I & I Reduction Program Phase II & Poe Avenue sewer line replacement

On hold pending clarification of funding for this project.

5. Communications / Additional Items from WWTF Manager, Greg Gress

- a. Water Utility fence is out for bid with pricing requested for two options, the bi-color stain option and an unstained cypress option. Mark Howard presented a

landscape plan for the Middle St. fence line. The DOT ROW location will be a factor in landscaping.

- b. Poe Park survey. The survey was received and indicates that the Town Property Line / DOT ROW is essentially the determining factor in the location of new park equipment. The Town property line is 5 ft. from the Town water pipeline and 10 ft from the DOT stormwater pipeline – both located in the DOT ROW. This means that equipment that is located on the Town lot will automatically be no closer than 5 ft. from these underground pipelines. The survey did not include complete measurements for the Town property lines; that is, the distances from sidewalk, road and tennis courts, and also did not include the two lateral water lines to homes across Poe Ave. Greg Gress will request a more complete survey so that the dimensions of the space that is available for park equipment will be clear and measurable from site features.

6. Next W&S Committee meeting is scheduled for 8:30 AM on October 27, 2016

7. The meeting adjourned at 10:18 AM on a motion by Bachman Smith, second by Mark Howard, passed unanimously 3/3.

Pending Items (to be considered in future meetings)

- a. CWS contract revisions – in progress
- b. Development of a Cost Recovery Program
- c. W&S billing software replacement - in progress
- d. Private Sewer Lateral I&I Reduction Policy
- e. ASR: Aquifer Storage and Recovery
- f. Pre-Disaster Mitigation Grant for submersible pumps

Monthly Water Report
For
October 2016

FLOW: Distributed 9.439 MG this month, with a daily average flow of .294 MG and a Daily Max of .509 MG

SALES: 7.423 MG billed (*all water*) with a daily average of 0.239 MG. (6.520 MG billed in October last year with a daily average of 0.210 MG).

RED WATER: No operational problems

DISTRIBUTION SYSTEM: Have been getting some water quality complaints along Middle between Station 31 and 32. Also CWS has been having trouble since Hurricane Matthew keeping chlorine residual up above a 1.0 on the Islands. We have been in touch with them about this issue. Could be the cause of our WQ issues. We have and will continue to Spot flush where necessary. Planning our annual system wide Unidirectional Flush to begin next Month.

WATER LINE PROJECT: SCDOT has issued our one year encroachment permit for this project. Will need to install a few road crossings ahead of SCDOT and Charleston County road resurfacing if given enough notice as to when the resurfacing will take place. SCDOT not scheduled to start until next spring. CC will begin 11/7/2016. One across the causeway (Sta 22 ½) at Myrtle and two across Jasper at Station 24 and 26. We will try and get the Myrtle portion done.

Town of Sullivan's Island
Water & Sewer Department
Manager Greg Gress
843-883-5748

WATER PLANT: We received two bids for fence replacement. Should get them started in a couple weeks. Will touch base with David Pyne next month to get ASR study scheduled for shortly after first of the new year.

WORK ORDERS: 7 check for leaks; 0 frozen pipes; 0 monthly rereads; 1 misc. customer complaint; 0 replace customer shut off; 1 turn on; 2 turn off; 39 locates; 1 install irrigation meter; 0 remove irrigation meter; 0 irrigation quote; 7 read meter; 6 meter box repairs; 0 disconnect delinquent acct; 0 reconnect delinquent acct; 0 pulled meter for demo; 1 reinstall meter from demo; 0 backflow inspection

CHEMICALS: Used 39 gallons of Orthophosphate.

Monthly Sewer Report
For
October 2016

COLLECTION SYSTEM: No operational problems

SEWER LINE PROJECT: SRF loan deadline to advertise project has been extended to 12/31/2016. Grouting portion is ready to advertise. SRF still needs bid doc's for Poe Ave materials. Loan packet will not be sent until project is bid out. Phase II will have some capital rehab and replacements from Phase I grouting project. Some of Poe Ave and Citadel Sewer Main Line Replacement project to be included in Phase II I&I Reduction Program. Approximately 120K worth of work cannot be funded through SRF.

LIFT STATIONS: Continue to have over time call outs for pump loss of prime alarms. Communication between SCADA radio systems has failed due to tree foliage. Waiting on contractor to schedule the installation of a new 50' pole at LS#5 in November to regain uninterrupted communication from this Station.

FLOW: Processed 21.997 Million Gallons this month, with a daily average of 0.710 MG and a maximum weekly average of 1.024 MG. Rainfall total was 9.07 inches.

SALES: 4.958 MG billed this month with a daily average of 0.160 MG. (5.185 MG billed in October last year with a daily average of 0.167 MGD).

HEADWORKS: Screenings press still having some control issues but working.

OXIDATION DITCH: No change in structure since last report.

Town of Sullivan's Island Water & Sewer Department

Manager Greg Gress
843-883-5748

CLARIFIER: No operational problems.

OUTFALL: No operational problems.

BIOSOLIDS: 13 cu yd. dry to landfill. 0 gallons liquid sludge hauled to MPW and 0 gallons to NCSD.

CHEMICALS: 512 lbs. of chlorine and 203 lbs. of sulfur dioxide used for the month.

COMPUTER SYSTEMS: No operational problems.

WORK ORDERS: 39 locates; 1 pool filling permit inspection; 1 sewer connection inspection (first time); 0 sewer connection inspection (sewer replacement); 2 sewer reconnect inspection (reconnect from a demo); 0 sewer disconnect inspection (disconnect for a demo); 0 grease trap inspection; 0 install new tap; 0 repair cleanout; 0 back up; 2 sewer adjustment app.

OTHER: Hurricane Matthew dumped 10" of rain on the Island, at the beginning of the month, causing our flow through the plant to double and remain above normal for 3 weeks. Interesting fact on the days the Island was evacuated we recorded zero potable water flow but over a million gallons a day still through the treatment plat.

Within 24 hours of learning of a total coliform-positive (TC+) sample result, REPEAT samples must be collected and analyzed for total coliforms:

- One REPEAT sample must be collected from the same tap as the TC+ sample.
- One REPEAT sample must be collected within five service connections upstream of the TC+ sample.
- One REPEAT sample must be collected within five service connections downstream of the TC+ sample.
- If the system is served by Ground water then a Triggered Source sample must be collected prior to treatment from each source in use at the time the total coliform-positive sample was collected. The number of samples taken PER WELL must equal the number of positive TCR samples. If you collected three TC+ samples, then three well samples must be taken at EACH WELL that was in service at the time.
- The triggered source water sample must be analyzed for the presence of *E.coli*. If any triggered source water sample is *E.coli*-positive, the Ground Water system (GWS) must either take corrective action, as directed by the state, or the GWS must take 5 additional source water samples within 24 hours.
- If the GW system Purchases some or all of the water they must notify the wholesale system (s) within 24 hours.

If any REPEAT sample is TC+:

- The system must analyze that total coliform-positive culture for *E.coli*.
- The system must collect another set of REPEAT samples, as before, unless the *E.coli* MCL has been violated or an assessment has been triggered.

For a system on quarterly monitoring, a TC+ result requires a minimum of three ROUTINE samples be collected the following month.

CALL SCDHEC on the same day you learned of the *E. coli*-positive (EC+) result, or by the end of the next business day if the result came in after business hours

Please submit a copy of your laboratory's chain of custody along with this form.

**TOWN OF SULLIVAN'S ISLAND
RECREATION COMMITTEE OF COUNCIL
MEETING MINUTES
Wednesday, October 26, 2016
9:00 AM**

A meeting of the Recreation Committee of Council was held at 9:00 a.m. on Wednesday, October 26, 2016 at Town Hall, 2050-B Middle Street. All requirements of the Freedom of Information Act having been satisfied. Present were Council Committee members Sarah Church (Chair), Rita Langley and Susan Middaugh. Staff members present were Jason Blanton, Randy Robinson and Lisa Darrow.

1. Call to Order:

Chair Church called the meeting to order at 9:00 a.m., and stated the press and public were duly notified pursuant to State Law. There were no members of the public or media present.

2. Island Club:

The Island Club has provided a space for after school activities, community events, fitness classes, summer camps, Sullivan's Island Court, boy scouts, Alcoholics Anonymous, private parties and more for over ten years. They allow the community to use the space for free as long as it is not a private event/money being taken, otherwise there is a rental fee for the space. This was discussed in further detail at the Recreation Meeting last May.

The Town has received the inspection report and confirmed that there is quite a bit of damage. The appraisal price evaluated for the Island Club is \$120K. Building Official Randy Robinson, along with the inspector, have worked carefully to scope out the most critical items to repair on the Island Club. Each different element on the scope of work will be priced individually so if prices exceed 50% value of the building, items can be individually eliminated. The scope of work has been released, and the Town has received one bid for architectural work at \$43,076.00 and the addition of (Anderson) windows at \$24,480.00, totaling \$67,556.00. In order to decrease the price below \$60K, the Town must reduce the quality of the windows, and also remove Number 5 on the proposal which is: replace flooring in storage/mechanical room for \$4,800.00. Mr. Robinson suggested asking the members of the club to repair the storage/mechanical room themselves to save the money.

Motion was made by Council Committee Member Middaugh, seconded by Council Committee Member Langley, that the Recreation Committee recommends to Council to proceed with the bid for the Island Club with the contingency that it be limited to a maximum of 60K, carried unanimously.

3. Farmer's Market

There has been a number of people asking about this season's market. Last season was 13 weeks long, starting after Charleston County Schools spring break and ending before July 4th. Many vendors have been suggesting extending the season. Therefore, Chair Church, along with Councilmember Langley and Councilmember Middaugh, have considered a few options. Those options include: 1. extending through the summer, 2. stop the season in the spring, have a break and continue another season in the fall, or 3. not extending it at all. After discussion, the Committee decided to have this year's season remain 13 weeks, being spring to early summer. A minor change that will be made from last season is having two prepared food vendors committed for the whole season.

4. Stith Park:

Chair Church suggested either having either a community clean-up day, or hiring someone to do various things to make the park look more appealing. With the Town Hall construction coming to a finish and the landscaping still undecided, the Committee agreed it was best to hold off on this item until further notice. In the meantime, the Sullivan's Island Maintenance Department will handle their requests for cleanup.

Motion was made by Rita Langley, seconded by Susan Middaugh, to adjourn at 9:40 a.m., carried unanimously.

Respectfully submitted,

Courtney Liles

Date: October 6, 2016

To: The Town Of Sullivan's Island

From: Jeff Jackson/ Lowcountry Roots

Re: Removal of Invasive Species from the Accreted Land

Lowcountry Roots proposes to treat and/or remove invasive species during the fall of 2016 and early spring of 2017 from the nearly 200 acres of accreted land fronting the island. Three different treatments can be provided, each having its own timing and materials. These are as follows;

Tallow treatment, primarily of mature seed-bearing trees in the seasonal wetlands. Methods used will be hack and squirt on the larger specimens, stump application on the larger saplings, and spray on the seedlings. Chemical used will be Habitat Aquatic Herbicide (27.77% Isopropylamine Salt of Imazapyr) as per the label instructions. Time – approximately 120 man hours. Window – now until mid December.

Cost - \$3600.00 labor, \$600.00 chemical and tools

Misc. Removal, via chemical and physical removal. Target plants would include tallow, privet, china berry, lantana, eleagnus. Methods would be hack and squirt, stump treatments, spray treatments, and physical removal. Chemical used would be Round-Up Superconcentrate (50.2% Glyphosate) as per label instructions. Time – approximately 60 man hours. Window – now through Spring. Note – this portion of the work could also involve trained and supervised volunteers.

Cost - \$1800.00 labor, \$300.00 Chemical and tools

Wisteria treatment – The area of Chinese wisteria on Station 16 is approximately 175 feet by 240 feet, or nearly 1 acre in size. It presents a challenge due to the fact that the old granite boulder/rip rap seawall bisects the area. The Town is proposing using a gyro-trac on the portions not involving the rip rap. The area breaks down as such: 25% facing Battery Logan without rip rap, 32% involves rip rap, and the final 43% without rip rap between the seawall and the forest. This means that this portion of the work is 3 phase: Gyro-tracking the 2 areas that don't have protruding stone, hand-cutting the wisteria to the ground in the area with stone, and then spraying in the spring after new growth has emerged.

Gyro-tracking – Contracted by town, window now(best) through winter.

Hand Pruning – Approximately 80 man hours, window now through spring.

Cost – Labor \$3200.00

Spraying – Chemical used is Transline (40.9% Clopyralid) as per label instructions. One initial spraying and 2 follow-up sprayings 2-4 weeks apart. Time – approximately 80 man hours. Window – early-mid spring, after emergence of foliage.

Costs – Labor \$3200.00, Chemical and tools \$600.00

Work could begin immediately and continue through the Spring.
