Charleston County Community Interest Notification

October 16, 2017

The Charleston County Greenbelt Advisory Board (GAB) is currently undergoing a review of the Comprehensive Greenbelt Plan. As part of the plan review process, public input is being gathered on the future of greenspace in our County. We have posted a public survey on the greenbelt website that is open for all. Please take the survey, pass it along to your family, friends, colleagues, etc. The results of the survey will be compiled and provided to the GAB as they consider any recommended changes to the Greenbelt Plan.

The survey link is on the home page of the Charleston County Greenbelt website www.charlestoncountygreenbelt.org.

So far, the Greenbelt Program has protected 21,170 acres of land in Charleston County. \$96 million has been awarded and \$1.9 million remains for urban projects only. The program is funded by the Transportation Sales Tax, which was approved in a county-wide referendum on Nov. 2, 2004.
