and

(B) act to approve the rates within 30 days from the date the cable operator filed its basic cable rates with the Town.

(2) If the Town Council takes no action within 30 days from the date the cable operator filed its basic rates with the Town, the proposed rates will continue in

effect.

(d) **EXTENDED REVIEW PERIOD.** (1) if the Town Council is unable to determine whether the rates in issue are within the FCC's reasonable rate standard based on the material before it, or if the cable operator submits a cost-of-service showing, the Town Council shall, within 30 days from the date the cable operator filed its basic cable rates with the Town and by adoption of a formal resolution, invoke the following additional periods of time, as applicable, to make a final determination:

(A) 90 days if the Town Council needs more time to ensure that a rate is within the FCC's reasonable rate standard; or

(B) 150 days if the cable operator has submitted a cost-of-service showing seeking to justify a rate above the applicable benchmark.

(2) If the Town Council has not made a decision within the 90 or 150 day period, the Town Council shall issue a brief written order at the end of the period requesting the cable operator to keep accurate account of all amounts received by reason of the proposed rate and on whose behalf the amounts are paid.

(e) **PUBLIC HEARING.** During the extended review period and before taking action on the proposed rate, the Town Council shall hold at least one public hearing at which interested persons may express their views and record objections,

(f) **OBJECTIONS.** An interested person who wishes to make an objection to the proposed initial basic rate may submit the objection in writing anytime before the decision resolution is adopted. (g) **BENCHMARK ANALYSIS.** If a cable operator submits its current basic cable rate schedule as being in compliance with the FCC's reasonable rate standard, the Town Council shall review the rates using the benchmark analysis in accordance with the standard form authorized by the FCC. Based on the Town Council's findings, the initial basic cable rates shall be established as follows:

(1) If the current basic cable rates are below the benchmark, those rates shall become the initial basic cable rates and the cable operator's rates will be capped at that level.

(2) If the basic cable rates exceed the benchmark, the rates shall be the greater of the cable operator's per channel rate on September 30, 1992, reduced by 10 percent, or the applicable benchmark, adjusted for inflation and any change in the number occurring between September 30, 1992 and the initial date of regulation.

(3) If the current basis cable rates exceed the benchmark, but the cable

operator's per channel rate was below the benchmark on September 30, 1992, the initial basic cable rate shall be the benchmark, adjusted for inflation.

(h) **COST-OF-SERVICE SHOWINGS.** If a cable operator does not wish to reduce the rates to the permitted level, the cable operator shall have the opportunity to submit a cost-of-service showing in an attempt to justify an initial basic cable rates above the FCC's reasonable rate standard. The Town Council will review a cost-of-service submission pursuant to FCC standards for cost-of-service review. The Town Council may approve initial basic rates above benchmark if the cable operator makes the necessary showing; however, a cost-of-service determination resulting in rates below the benchmark or below the cable operator's September 30, 1992 rates minus 10 percent, will prescribe the cable operator's new rates.

(i) **DECISION. (1) BY FORMAL RESOLUTION.** After completion of its review of the cable operator's proposed rates, the Town Council shall adopt its decision by formal resolution. The decision shall include one of the following:

(A) If the proposal is within the FCC's reasonable rate standard or is justified by a cost-of-service analysis, the Town Council shall approve the initial basic cable rates proposed by the cable operator; or

(B) If the proposal is not within the FCC's reasonable rate standard and the cost-of-service analysis, if any, does not justify the proposed rates, the Town Council shall establish initial basic cable rates that are within the FCC's reasonable rate standard or that are justified by a cost-of-service analysis.

(j) **ROLLBACKS AND REFUNDS.** If the Town Council determines that the initial basic cable rates are submitted exceed the reasonable rate standard or the cable operator's cost-of-service showing justifies lower rates, the Town Council may order the rates reduced in accordance with paragraph (g) or (h) above, as applicable. In addition, the Town Council may order the cable operator to pay subscribers refunds of the excessive portion of the rates with interest (computed at applicable rates published by the Internal Revenue Service for tax refunds and additional tax payments), retroactive to September 1, 1993. The method for paying any refund and the interest rate will be in accordance with FCC regulations as directed in the Town Council's decision resolution.

(k) **STATEMENT OF REASONS FOR DECISION AND PUBLIC NOTICE.** If rates proposed by cable operator are disapproved in whole or in part, or if there were objectives made by other parties to the proposed rates, the resolution must state the reasons for the decision and the Town Council must give the public notice of its decision. Public notice will be given by advertisement once in newspaper of general circulation in the Town.

(1) **APPEAL.** The Town Council's decision concerning rates for the basic service tier or associated equipment, may be appealed to the FCC in accordance with applicable federal regulations.

This notice may not be given more often than annually and not until at least one year after the determination of the initial basic cable rates.

(b) EXPELLED DETERMINATION AND PUBLIC HEARING. (1) If the Town Council is able to expeditiously determine that the cable operator's rate increase request for basic cable service is within the FCC's reasonable rate standard, as determined by the applicable price cap, the Town Council shall;

(A) hold a public hearing at which interested persons may express their views; and

(B) act to approve the rate increase within 30 days from the date the cable operator filed its request with the Town.

(2) If the Town Council takes no action within 30 days from the date the cable operator filed its request with the Town, the proposed rates will go into effect.

(c) EXTENDED REVIEW PERIOD. (1) If the Town Council is unable to determine whether the rate increase is within the FCC's reasonable rate standard based on the material before it, or if the cable operator submits a cost-of-service showing, the Town Council shall, by adoption of a formal resolution, invoke the following additional periods of time, as applicable, to make a final determination.

(A) 90 days if the Town Council needs more time to ensure that the requested increase is within the FCC's reasonable rate standard as determined by the applicable price cap; and

(B) 10 days if the cable operator has submitted a cost-of-service showing seeking to justify a rate increase above the applicable price cap.

(2) The proposed rate increase is tolled during the extended review period.

(3) If the Town Council has not made a decision within 90 or 150 period, the Town Council shall issue a brief written order at the end of the period requesting the cable operator to keep accurate account of all amounts received by reason of the proposed rate increase and on whose behalf the amounts are paid.

(d) PUBLIC HEARING. During the extended review period and before taking action on the requested rate increase, the Town Council shall hold at least one public hearing at

which interested persons may express their views and record objections.

(e) **OBJECTIONS.** An interested person who wishes to make an objection to the proposed rate increase may submit the objection in writing anytime before the decision resolution is adopted. In order for an objection to be made part of the record, the objector must provide the Town Clerk with the objector's name and address.

(f) **DELAYED DETERMINATION.** If the Town Council is unable to make a final determination concerning a requested rate increase within the extended time period, the cable operator may put the increase into effect, subject to subsequent refund if the Town Council after issues a decision disapproving any portion of the increase.

(g) **PRICE CAP ANALYSIS.** If a cable operator presents its request for a rate increase as being in compliance with the FCC's price cap, the Town Council shall review the Rate using the price cap analysis in accordance with the standard form authorized by the FCC. Based on the Town Council's findings, the basic cable rates shall be established as follows:

(1) If the proposed basic cable rate increase is within the price cap established by the FCC, the proposed rates shall become the new basic cable rates.

(2) If the proposed basic cable rate increase exceeds the price cap established by the FCC, the Town Council shall disapprove the proposed rate increase and order an increase that is in compliance with the price cap.

(h) **COST-OF-SERVICE SHOWINGS.** If a cable operator submits a cost-of-service showing in an attempt to justify a rate increase above the price cap, the Town Council will review the submission pursuant to the FCC standards for cost-of-service review. The Town Council may approve a rate increase above the price cap if the cable operator makes the necessary showing; however, a cost-of-service determination resting in rate below the price cap or below the cable operator's then current rate will prescribe the cable operator's new rate.

(i) **DECISION.** The Town Council's decision concerning the requested rate increase, shall be adopted by formal resolution. If a rate increase proposed by a cable operator is disapproved in whole or in part, or if objections were made by other parties to the proposed rate increase, the resolution must state the reasons for the decision. Objections may be made at the public hearing by a person in writing at anytime before the decision resolution is adopted.

(B) the cable operator implemented the rate increase at the end of the extended review period; and

(C) the Town Council determines that the rate increase as submitted exceeds the applicable price cap or that the cable operator failed to justify the rate increase by a cost-of-service showing, and the Town Council disapproves any portion of the rate increase.

(2) The method for paying any refund and the interest rate will be in accordance with FCC regulations as directed in the Town Council's decision resolution.

(k) APPEAL. The Town Council's decision concerning rates for the basic service tier or associated equipment, may be appealed to the FCC in accordance with applicable federal regulations.

4. Cable operator information

(a) Town may require:

(1) In those cases when the cable operator has submitted initial rate standard, the Town Council may require the cable operator to produce information in addition to that submitted, including proprietary information, if needed, to make a rate determination. In these cases, a cable operator may request the information be kept confidential in accordance with this section.

(2) In cases where initial or proposed rates comply with the reasonable rate standard, the Town Council may request additional information only in order to document that the cable operator's rates are in accord with the standard.

(b) REQUEST FOR CONFIDENTIALITY. (1) A cable operator submitting information to the Town Council may request in writing that the information not be made routinely available for public inspection. A copy of the request shall be attached to and cover all of the information and all copies of the information to which it applies.

(2) If feasible, the information to which the request applies shall be physically separate from any information to which the request does not apply. If this is not feasible, the portion of the information to which the request applies shall be identified.

(4) Casual requests which do not comply with the requirements of this subsection, shall not be considered.

(c) TOWN COUNCIL ACTION. Requests which comply with the requirements of

Subsection (b), will be acted upon by the Town Council. The Town Council will grant the request if the cable operator presents by a preponderance of the evidence, a case for nondisclosure consistent with applicable federal regulations. If the request is granted, the ruling will be placed in a public file in lieu of the information withheld from the public inspection. If the request does not present a case for nondisclosure and the Town Council denies the request, the Town Council shall take one of the following actions:

(1) If the information has been submitted voluntarily without any direction from the Town, the cable operator may request that the Town return the information without considering it. Ordinarily, the town will comply with this request. Only in the unusual instance that the public interest so requires, will the information be made available for public inspection.

The factors include retransmission's consent fees, programming cost, state and local taxes applicable to the provision of cable television service, and costs of franchise requirements. The total cost of an increase in a franchise fee may be automatically added to the base per channel rate, without regard to its relation to the GNP-PI.

(2) For all categories of external costs other than retransmission's consent and franchise fees, the starting date for measuring changes in external costs for which the basic service per channel rate may be adjusted will be the date on which the basic service tier becomes subject to regulation or February 28, 1994, whichever occurs first. The permitted per channel charge may not be adjusted for costs of retransmission's consent fees or changes in those fees incurred before October 6, 1994.

(B) Each year the Company will make available within a Fund held by the Company an amount equivalent to one-half of one percent (0.50%) of the Company’s gross revenue from the electric service within the Town, that being the same amount of electric revenue that is used in computing its municipal franchise fee payment for the year in Section 8 above. A special franchise fee surcharge or tax may be applied to all electric customers within the boundaries of the district, in accordance with law. The special fees, surcharge or tax shall be applied to all customers within the special district. Section 14-29 (SIC 30) Smoking of Tobacco Products in the Town of Sullivan’s Island

(A) **Findings.** As an incident to the adoption of this Ordinance, the Town Council ("Town Council") of the Town of Sullivan’s Island, South Carolina (the "Town") makes the following findings:

(1) Secondhand smoke as defined herein includes both smoke exhaled and smoke from the end of a burning cigarette, cigar or pipe; and includes a complex mixture of nearly 5,000 chemical compounds, including 43 chemicals that are known human carcinogens; and

(2) The health consequences of involuntary smoking have been reported by the U.S. Surgeon General to be a cause of disease, including lung cancer, in healthy non-smokers; and

(3) The U.S. Surgeon General has concluded that a simple separation of smokers and non-smokers within the same airspace does not eliminate the exposure of non-smokers; and

(4) Secondhand smoke has been classified by the Environmental Protection Agency (EPA) as a known cause of cancer in humans (Group A Carcinogen) like asbestos, arsenic, hexavalent chromium; and

(5) The National Institutes of Health, Centers for disease Control and Prevention, National Toxicology Program, Report on Carcinogens and the International Agency for Research and Cancer have all reported that secondhand smoke is a human carcinogen; and

(6) Numerous medical and scientific studies show substantial levels of exposure to secondhand smoke among the United States population, and over the past two decades, the health hazards resulting from exposure to secondhand smoke have been increasingly recognized; and

(7) Secondhand smoke inhaled by a pregnant woman can increase the risk for low weight babies; and

(8) Exposure to secondhand smoke by children leads to decreased lung function, asthma, pneumonia, ear infections, bronchitis and even sudden infant death syndrome; and

(9) Exposure to secondhand smoke nearly doubles the risk of heart attack; and

(10) 460,000 annual deaths in the United States directly attributed to tobacco use, of which 55,000 are involuntary tobacco users; and

(11) Workplaces have been shown to be locations of significant exposure to secondhand tobacco smoke by employees working in the Town of Sullivan's Island; and

(12) Both the Public Health Services National Toxicology Program and the World Health Organizations' International Agency for Research on Cancer identify secondhand smoke as a human Class A carcinogen and state that there is no safe level of exposure; and

(13) There are laws, ordinances and regulations in place that protect workers from other environmental hazards, including Class A carcinogens, asbestos, arsenic and benzene, but none which regulate exposure to secondhand smoke; and

(14) Prohibiting smoking in the workplace increases public awareness of the negative health effects of smoking, reduces the social acceptability of smoking and reduces harm to children and other nonsmokers; and

(15) The South Carolina General Assembly at Section 44-95-10 et seq. (the "Clean Indoor Air Act of 1990") imposed certain limitations on smoking. For example, it limited smoking in Government Buildings (the definition of which includes Town-owned buildings) except where the owner of such building shall designate smoking areas.

Town Council has now determined that additional regulation of smoking in areas beyond those addressed in the Clean Indoor Air Act of 1990 is appropriate in furtherance of its duty to protect the health of its citizens and employees in the workplace and therefore enacts this ordinance.

(B) Intent. Town Council finds that it is in the best interest of the people of this Town to protect nonsmokers from involuntary exposure to secondhand smoke in the workplace. Therefore, Town Council declares that the purpose of this act is to preserve and improve the health, comfort and environment of the people of this Town by limiting exposure to tobacco smoke in the workplace.
